A New York Times Bestseller A Forbes Top 10 Conservation and Environment Book of 2016 Read the sea like a Viking and interpret ponds like a Polynesian—with a little help from the “natural navigator”! In his eye-opening books *The Lost Art of Reading Nature’s Signs* and *The Natural Navigator*, Tristan Gooley helped readers reconnect with nature by finding direction from the trees, stars, clouds, and more. Now, he turns his attention to our most abundant—yet perhaps least understood—resource. Distilled from his far-flung adventures—sailing solo across the Atlantic, navigating with Omani tribespeople, canoeing in Borneo, and walking in his own backyard—Gooley shares hundreds of techniques in *How to Read Water*. Readers will: Find north using puddles Forecast the weather from waves Decode the colors of ponds Spot dangerous water in the dark Decipher wave patterns on beaches, and more!

## **The 39 Clues #7: The Viper's Nest**

It's simple: If children don't understand what they read, they will never embrace reading. And that limits what they can learn while in school. This fact frightens parents, worries teachers, and ultimately hurts children. 7 Keys to Comprehension is the result of cutting-edge research. It gives parents and teachers—those who aren't already using this valuable program—practical, thoughtful advice about the seven simple thinking strategies that proficient readers use: • Connecting reading to their background knowledge • Creating sensory images • Asking questions • Drawing inferences • Determining what's important • Synthesizing ideas • Solving problems Easily understood, easily applied, and proven successful, this essential educational tool helps parents and teachers to turn reading into a fun and rewarding adventure.

### **Radio Times**

"Like A Wrinkle in Time (Miranda's favorite book), When You Reach Me far surpasses the usual whodunit or sci-fi adventure to become an incandescent exploration of 'life, death, and the beauty of it all.'" —The Washington Post This Newbery Medal winner that has been called "smart and mesmerizing," (The New York Times) and "superb" (The Wall Street Journal) will appeal to readers of all types, especially those who are looking for a thought-provoking mystery with a mind-blowing twist. Shortly after a fall-out with her best friend, sixth grader Miranda starts receiving mysterious notes, and she doesn't know what to do. The notes tell her that she must write a letter—a true story, and that she can't share her mission with anyone. It would be easy to ignore the strange messages, except that whoever is leaving them has an uncanny ability to predict the future. If that is the case, then Miranda has a big problem—because the notes tell her that someone is going to die, and she might be too late to stop it. Winner of the Boston Globe-Horn Book Award for Fiction A New York Times Bestseller and Notable Book Five Starred Reviews A Junior Library Guild Selection "Absorbing." —People "Readers are likely to find themselves chewing over the details of this superb and intricate tale long afterward." —The Wall Street Journal "Lovely and almost impossibly clever." —The Philadelphia Inquirer "It's easy to imagine readers studying Miranda's story as many times as she's read L'Engle's, and spending hours pondering the provocative questions it raises." —Publishers Weekly, Starred

An endearing story of love and grief as one girl follows the clues in a scavenger hunt left behind by her best friend, perfect for fans of *Bridge to Terabithia* and *Nine, Ten*. WHEN YOU'VE LOST WHAT MATTERS MOST, HOW DO YOU FIND YOUR WAY BACK HOME? Joy Fonseca is dreading her 13th birthday, dreading being reminded again about her best friend Lukas's senseless death on this day, one year ago -- and dreading the fact he may have heard what she accidentally blurted to him the night before. Or maybe she's more worried he didn't hear. Eitherway, she's decided: she's going to finally open the first clue to their annual birthday scavenger hunt Lukas left for her the morning he died, hoping the rest of the clues are still out there. If they are, they might lead Joy to whatever last words Lukas wrote, and toward understanding how to grab onto the future that is meant to be hers. "I truly loved it! A practical guide to the straightforward and winning strategies of successful traders Trading is best kept simple and focused - that is the way to win. The most successful traders will tell you that they use only a small number of strategies, applying them time after time. A common mistake of losing traders, however, is to overly complicate what they do, using many different strategies at one time, or leading a never-ending search for new strategies. In *7 Simple Strategies of Highly Effective Traders*, Alpesh Patel and Paresh Kiri provide a practical guide to seven technical analysis trading approaches that are simple, effective and easy to put into practice. These are the kind of strategies professional traders use to manage their trading. Throughout, readers will benefit from the trading insight and expert chart commentary of two vastly experienced traders. Included are strategies for breakout with volume, event trading, mean reversion, moving averages, short-term day trading, and more. The strategies can be used on a wide range of instruments, from equities to forex, bonds and commodities. Most of the approaches can also be used equally on UK, US or international markets. Don't waste money cycling through strategies, pursuing the Holy Grail - follow the winning approach of the pros and keep things simple.

messages contained vital, hitherto unknown information about the history and origins of planet Earth. Due to the nature and content of these communications, it became obvious to the author that their source must be ALIENS. Irrefutable credibility was delivered in the form of firm evidence of their presence and of their activity on Earth two thousand years ago. Based on such evidence, the author assures readers that this book will deliver: 1. To NASA: great embarrassment; 2. To UFO/ALIEN enthusiasts: confirmation and satisfaction; 3. To all doubters and skeptics: inevitable defeat, as they will not be up against the author of this book, but against powers far more advanced than all of us.
