The Ashakiran Tape

A Chronicle of Crowns is an epic fantasy about characters and tumultuous events that bind them all together. In the medieval kingdom of Aralia, Lord Benjamin Ashwood and his wife, Lady Dormelle, live a quiet, peaceful life in the Northern Vale where the winters are bitter and the summer's are harsh. Surrounded by their family, the quiet life on the border of the unknown is all they ever wanted. Their lives are turned upside down when the king invites them to the capital to celebrate his fiftieth name day. They find themselves thrown back into a world they thought they had left behind, full of hidden agendas, backstabbers and shady dealings - the royal court. Along with characters of every walk of life, they strive to keep from being swallowed whole by the monsters of the capital. To the far south, Princess Arthena Condavian is heir to the Halfmoon Empire, an ancient civilization rooted in old world customs and corrupt leaders. While her father withers away before her eyes, she works in the shadows to secure her birthright from an overzealous step-mother, bent on placing her own son on the throne. If she's to keep her place, she must draw on all her skills of manipulation and subtlety to remain one step ahead of her countless enemies. Meanwhile, in the shadows, an ominous cult from a time, long forgotten, has resurfaced, sparking chaos and disorder in every corner of the known world. Howell Pendengalle fights tirelessly against their evil tirade, attempting to thwart their nefarious plans to bring about a new age of darkness upon the world. These four characters are just a few of the many twisted by fate. Together, their lives intertwine in a delicate web, where the fate of one, changes the fate of the rest.

This Time Is Different

From the author of the historical thriller *Kino*, a "fast, complex, exhilarating roadster ride through history and time" (Frederick Barthelme) comes a gripping psychedelic mystery steeped in sex, drugs, and rock 'n' roll. When legendary improvisational rock band Phish returns to the stage after a five-year breakup, longtime fan and hardboiled hippie sleuth Quentin Pfeiffer has to be there - even though he is older, wiser, and the father of an adorable baby daughter now. But not everything is sunshine and rainbows in the freewheeling circus surrounding the band's summer tour: after the millionaire skipper of a drug-drenched luxury yacht goes missing, Q and his crew are drawn into a dangerous intrigue of dreadlocked dames, shady tape collectors, and spun-out wookies chasing after the long-lost recording of a mysterious late-night jam. Inspired by Raymond Chandler and set during a series of concerts at Long Island's Jones Beach amphitheater, *The Ashakiran Tape* takes readers deep into the spiraling ecstasy of Phish's epic shows and the seductive underworld of the obsessive fans following them. Praise for *Kino*:

"Kino is an intoxicating Euro-brew, written with enormous skill and dedication." - Frederick Barthelme "A debut of great intellectual force." - Teddy Wayne "A delirious melange of conspiracy, magic, sex, history, bad behavior, and cinema, Kino is a stellar entertainment, and Jurgen Fauth is a writer of rare, sinister imagination." - Owen King

Trunks of Ages

Life for the Hanks children couldn't have changed more significantly. Spending their entire summer training, studying history, learning tactical skills from Alice and Cyrus, the siblings are isolated from virtually the whole world. Celebrating Sebastian's 16th birthday a little late, they are all surprised when their father shows up in Ithaca, alone, with news that their mother has been kidnapped by the man who may want them dead: James Tildon. And with little time to reconcile hurt feelings, Sebastian is forced into the first journey with only Ethan and Scotty for help. Gina and Cyrus travel through the trunk, but are pitted against them, having to play roles of the enemy: members of the Nazi party. The three Hanks children reluctantly put on their Star of David, are forced into the Jewish Ghettos, and have to overcome suffering, starvation, and potential death to find the Ring of Dolor.

"Our main problem here is that we allow our mind to wander free when we need it to be focused and to focus on the things we should release." The Lama said. "We need to discipline our mind to avoid being dominated by the continuum" He continued. "And what is the continuum?" I asked, abruptly interrupting him. He looked at me with a smile and answered: "What we call continuum, are those thoughts that seem to never leave our mind. Those sounds and memories that keep repeating as a broken old record in our mind without control". I am sharing in

these chapters my thoughts and life experiences with the hope I can change my inner continuum, by reminding me of those lessons that have shaped my present mindset. I hope you find something useful in them and maybe they could give you some ideas to create a better continuum for yourself. Thank you from the bottom of my heart for coming with me in this inner quest. May the Light be with you always.

Question! Do we as a human family know who we are or who we were created to be? Unfortunately for the majority of us, I'll have to say the answer is no. Which means we're not anywhere close to realizing our full potential and being at our absolute best. How could we possibly be, when we've been maliciously lied to at every turn and are totally confused about our origins and our purpose? The hard truth is we are lost! Some of us are still trying to figure out whether we are a product of Creation or Evolution. My hypothesis is simple; I believe before anything can evolve it first has to be created. Obviously! So what is the truth? How can we discover its D.N.A so that we can tap into our true power and elevate our consciousness? Well I've got some theories in this book that are surprisingly uncomplicated that I'm very excited to share with you. Oh! I've got another question for you! Aren't you tired of continuously pursuing happiness without ever being able to achieve it? Do you even know what it means to be truly happy? And if you do, is it possible without having peace? Furthermore! Can you attain peace without Love completely dominating your existence? And last but not least! Can any of it be real without the Truth? Let's talk! Commerce Reports. Nos. 1-13. Volume 1 Thirtieth Year. January, February, March, 1927.

ECIC2016-Proceedings of the 8th European Conference on Intellectual Capital

This text is intended for a first course in introductory financial accounting. It was updated to reflect current International Financial Reporting Standards (IFRS). For example, it reflects the recent change in IAS38, para. 98, allowing the use of multiple methods in amortizing intangible assets. It focuses on core Introductory Financial Accounting topics that match pre-requisite requirements for students advancing to Intermediate Financial Accounting. Excluded are advanced topics that

are covered in Intermediate Financial Accounting, such as leases and bond amortization. The text takes a corporate approach (vs. beginning with a sole proprietorship emphasis and then converting to a corporate approach); this consistency throughout the book reduces confusion for the introductory student. The book covers all essential topics: the accounting cycle, merchandising, assigning costs to inventory, cash and receivables, property, plant and equipment, debt financing, equity financing, statement of cash flows, financial statement analysis, and proprietorships and partnerships. Additionally, this version of the open text is supported by Lyryx Learning, offering at an affordable price editorial services to develop and adapt the content, formative online assessment, course supplements, and daily support to both the students and instructors.
