Abigail Adams was an unusually accomplished letter writer. Spirited and insightful, her correspondence offers a unique vantage on historical events in which her family played so prominent a role, while bringing vividly to life the everyday experience of American women in the eighteenth and early nineteenth centuries. Here are 430 letters—more than a hundred published for the first time—to John

Adams, John Quincy Adams, Thomas Jefferson, Mercy Otis Warren, James and Dolley Madison, and Martha Washington, among many others. Including her famous call to “Remember the Ladies,” letters from the 1760s and 1770s offer an unrivalled portrait of the American Revolution on the home front. Travel to Europe in the 1780s opens a grand new field for her talents as social commentator and political advisor while her roles as vice presidential and presidential wife place her at the very heart of the nation’s founding. Also included are a chronology of Adams’s life, detailed notes, and extensively researched family trees. This volume is published simultaneously with John Adams: Writings from the New Nation 1784–1826, the third and final volume in the Library of America John Adams edition. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation’s literary heritage by publishing, and keeping permanently in print, America’s best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

Praise for *Winning At Retail* "Winning at Retail offers the most effective strategies available for retailers. At McDonald's, the 'Quick-EST' model is crucial, because being close and convenient to where our customers live, work, and shop helps us create maximum value. If you want to harness your company's strengths to become a leader in your category-and stay in tune with what your customers want-this is the book for you." -Jim Rand, Senior Vice President of Business Development, McDonald's Corporation "Winning at Retail provides a thoughtful approach to retail differentiation. Ander and Stern warn of the 'treacherous middle' into which retailers too easily drift. They inspire us to avoid this peril through case studies of retailers who have assumed leadership through courageous choice." -Robert L. Price, Senior Vice President and Chief Marketing Officer, Wawa "In a difficult retail environment, this book provides crucial guidance for staying on top of your competition-by taking the customer seriously and leveraging your

strengths to provide experiences that increase customer loyalty. Will Ander and Neil Stern elegantly argue that you can't always be the biggest, fastest, and trendiest place on the block, but it takes only one of these 'Ests' to be a category leader. Businesses big and small can benefit from the carefully distilled lessons in this book." -Bernd Schmitt, Professor of Marketing, Columbia Business School and author of Customer Experience Management

A must-

There's an important step between ideation and creation for films, comic books, and other mediums that require planning out scenes: making a storyboard. Many storyboards are hand-drawn, and a storyboard is a visual outline of a film (be it a short film or feature film) or animation. It's an important part of the preproduction process and consists of a series of images that show everything that's going to happen in your finished piece. If you're working with a script, you already know the flow of your project. The key is to translate that flow and new ideas from word form to image form. Get Your Copy of, this new book, today.

### **Simply Delizioso**

**Making Peace with God and Money** This is not a book about how to make money or spend it or give it away. Rather, it's a book for anyone who has ever worried about money -- about having enough -- and it begins with a startling assumption: No amount of money will ever lift your anxiety. This may seem counterintuitive, but in Gregory Jeffrey we have an experienced guide. With degrees in business and theology, he has worked as a development consultant for two decades. In meeting with thousands of individuals to ask their support for various causes, he discovered

-- to his amazement -- that some people with millions worried constantly about money; others, of very modest means, seemed immune. Apparently, making peace with money entails something other than money. This insight led Jeffrey to question every fundamental assumption we hold about wealth. With warmth, humor, and a writing style as simple as the Dakota prairie he grew up on, he offers a unique perspective on the interplay between our spiritual and financial lives. Rich with images, stories, and compassion for the millions now burdened with financial worries, Jeffrey teases out what is required of the soul who wishes to be free of anxiety. "Practical and timely, this book will challenge you to grow in wisdom, trust, frugality, and generosity." -- Scott Hahn, best-selling author, speaker, and Scripture scholar "In striving for holiness, conversion is needed in all parts of our lives. Jeffrey goes to that place rarely examined: the intersection where wealth and God meet, and often come into conflict. As a remedy and balm, he shares with visual examples and heartwarming stories a sobering insight: to be at peace with money, you must first be at peace with God." -- The Most Reverend Samuel J. Aquila, Bishop of Fargo
