Easy Stash Quilts

Create striking star blocks accurately at any size using this unique grid system—just connect the dots! No math, no complex calculations. Try one of author Mary Knapp's projects to learn her grid method using basic tools like a ruler and a protractor. Choose from dozens of her star block designs to mix and match for any project. You'll be amazed at how easy it can be to draft and resize your own blocks and make your next quilt totally star-studded! Includes great tips for fabric selection, making templates, as well as cutting and piecing techniques.

Winning the War on War

Your lucky stars—the paper-pieced way! Includes bonus CD-ROM.

Easy Mix and Match Machine Paper Piecing

Show Me How to Paper Piece

Taking cues from Walter Benjamin's fragmentary writings on literary-historical method, *Late Colonial Sublime* reconstellates the dialectic of Enlightenment across a wide imperial geography, with special focus on the fashioning of neo-epics in Hindi and Urdu literary cultures in British India. Working through the limits of both Marxism and postcolonial critique, this book forges an innovative approach to the question of late romanticism and grounds categories such as the sublime within the dynamic of commodification. While G. S. Sahota takes canonical European critics such as Theodor Adorno and Max Horkheimer to the outskirts of empire, he reads Indian writers such as Muhammad Iqbal and Jayashankar Prasad in light of

the expansion of instrumental rationality and the neotraditional critiques of the West it spurred at the onset of decolonization. By bringing together distinct literary canons—both metropolitan and colonial, hegemonic and subaltern, Western and Eastern, all of which took shape upon the common realities of imperial capitalism—Late Colonial Sublime takes an original dialectical approach. It experiments with fragments, parallaxes, and constellational form to explore the aporias of modernity as well as the possible futures they may signal in our midst. A bold intervention into contemporary debates that synthesizes a wealth of sources, this book will interest readers and scholars in world literature, critical theory, postcolonial criticism, and South Asian studies.

Carol Doak's Foundation Paper

Armed with these beading basics, which teach three fundamental techniques (stringing, wire loop wrapping, and stitching dangles and fringe), anyone can create smart and stylish pieces.

The Lost State of Franklin

They'll Never Believe You Made It In A Day! A beginner book without that "beginner look!" It's been called the "potato chip quilt"-no one can make just one. Use your favorite fabrics including large-scale, novelty, and panels. Talk about bang for the buck: combining a special fabric with a few easy nine-patches yields captivating quilts ranging from sassy to sophisticated. You'll get hooked on this technique! Judy provides sixteen different layouts for unlimited project potential.

American Sensations

Idols and Celebrity in Japanese Media Culture

"American Sensations is an erudite and sweeping cultural history of the sensationalist literatures and mass cultures of the American 1848. It is the finest book yet written on the U.S.-Mexican War, and how it was central to the making and unmaking of U.S. mass culture, class, and racial formation."—José David Saldívar, author of *Border Matters: Remapping American Cultural Studies* "A major work that will challenge current paradigms of nineteenth-century literature and culture. *American Sensations* brilliantly succeeds in remapping the volatile and shifting terrain of both national identity and literary history in the mid-nineteenth century."—Amy Kaplan, co-editor of *Cultures of United States Imperialism*

9 Patch Pizzazz

These smaller blocks make for easier, more portable quilt projects that you and yours will cherish for years to come.

Fashion Beading

Throughout America's history, lawyers with a crusading zeal have, through their moral stance, intellectual integrity, and sheer brilliance, made use of the law to fight social injustice. In short biographical chapters, the authors tell the stories of ten of these lawyers. Some are well known: Thurgood Marshall; William Kunstler; Louis Brandeis; Morris Dees; Clarence Darrow; and Ralph Nader. Others are not so well known, but deserve to be. All are fascinating and influential attorneys, and examination of their lives illuminates key issues in American history. An annotated bibliography; a chronology of the person's life and work; and a helpful table

detailing their most prominent cases accompany each chapter.

50 Fabulous Paper-Pieced Stars

Sarah's folding technique puts a new spin on an old favorite! Add extra dimension and texture to your log cabin quilts and decor projects.

Star Quilts

Cartonnage is a lovely handmade art, originated in France long time ago and it has been revived around the world in the latest years. It is the "art of box making", out of cardboard, glue and fabric or paper. With this technique, we can make much more than boxes, unique functional pieces to decorate our homes, for everyday use or as unique gifts. With step by step color picture Cartonnage instructions (about 700 pictures), no steps missing, this book is a master class to make your own beautiful fabric boxes from the very beginning. Also covers how to build more advanced pieces including dividers, trays and drawers. You will learn how to start from the scratch cutting your own cardboard or you will be able to start from some DIY kits (sold separately) with all pieces of paperboard pre cut and have fun using your favorite fabrics. Very simple materials needed, no expensive tools! You will also have the opportunity to learn how to personalize your boxes painting your own fabric or adding embroideries! Online videos available for this book.

Carol Doak's Simply Sensational 9-Patch

A selection of tessellating block designs are explored in detail, with over 45 quilts illustrating how the blocks can be used in different ways, whether it be choice of fabrics and colours, or the way in which the blocks are set.

The Joy of Quilting

Carol Doak, bestselling author of many books on paper piecing, is back with 50 original paper-pieced Star blocks--one for each U.S. state. Follow Carol's expert step-by-step instructions to make 50 beautiful blocks that finish to 12" Find ideas for mixing and matching block sections for fascinating original designs and intriguing secondary patterns Discover inspiration for using blocks in a variety of projects, plus tips on enlarging and reducing patterns to personalize designs

Machine Quilting Made Easy

Create perfectly-pieced miniature quilt blocks in a variety of themes—from hearts and flowers to airplanes and birthday cakes. Secure them inside your Carol Doak's Keepsake Frame Cards for gift-giving and artistic display. These blocks are also perfect to mix and match for making table linens, wall quilts, and other small projects.

Mariner's Compass Stars

From veteran author, teacher, and designer Becky Goldsmith comes this amazingly striking Bullseye quilt with easy-to-use paper-piecing foundations. Though the result looks complicated, the quilt comes together easily with Becky's simple, friendly instructions. Make the stunning Bullseye all on its own, add a border of Flying Geese, or make nine smaller Bullseye blocks for an eye-catching quilt.

Cartonnage Basics & Beyond

Walt Disney (1901-1966) was one of the most significant creative forces of the twentieth century, a man who made a lasting impact on the art of the animated film, the history of American business, and the evolution of twentieth-century American culture. He was both a creative visionary and a dynamic entrepreneur, roles whose demands he often could not reconcile. In his compelling new biography, noted animation historian Michael Barrier avoids the well-traveled paths of previous biographers, who have tended to portray a blemish-free Disney or to indulge in lurid speculation. Instead, he takes the full measure of the man in his many aspects. A consummate storyteller, Barrier describes how Disney transformed himself from Midwestern farm boy to scrambling young businessman to pioneering artist and, finally, to entrepreneur on a grand scale. Barrier describes in absorbing detail how Disney synchronized sound with animation in Steamboat Willie; created in Snow White and the Seven Dwarfs sympathetic cartoon characters whose appeal rivaled that of the best live-action performers; grasped television's true potential as an unparalleled promotional device; and—not least—parlayed a backyard railroad into the Disneyland juggernaut. Based on decades of painstaking research in the Disney studio's archives and dozens of public and private archives in the United States and Europe, *The Animated Man* offers freshly documented and illuminating accounts of Disney's childhood and young adulthood in rural Missouri and Kansas City. It sheds new light on such crucial episodes in Disney's life as the devastating 1941 strike at his studio, when his ambitions as artist and entrepreneur first came into serious conflict. Beginning in 1969, two and a half years after Disney's death, Barrier recorded long interviews with more than 150 people who worked alongside Disney, some as early as 1922. Now almost all deceased, only a few were ever interviewed for other books. Barrier juxtaposes Disney's own recollections against the memories of those other players to great effect. What emerges is a portrait of Walt Disney as a flawed but fascinating artist, one whose imaginative leaps allowed him to vault ahead of the competition and produce work that even today commands the attention of audiences worldwide.

Elly Sienkiewicz's Beloved Baltimore Album Quilts

Learn about the tools, supplies, and techniques you need to create simple patchwork quilts. Eight small projects are provided to help you practice your new hand-or machine-stitching skills.

Crimes of Preachers in the United States and Canada

Choose from 300 block patterns on CD-ROM in Carol's most blockpacked book ever! Patterns are also included in the book.

Tessellation Quilts

In the years following the Revolutionary War, the young American nation was in a state of chaos. Citizens pleaded with government leaders to reorganize local infrastructures and heighten regulations, but economic turmoil, Native American warfare, and political unrest persisted. By 1784, one group of North Carolina frontiersmen could no longer stand the unresponsiveness of state leaders to their growing demands. This ambitious coalition of Tennessee Valley citizens declared their region independent from North Carolina, forming the state of Franklin. The *Lost State of Franklin: America's First Secession* chronicles the history of this ill-fated movement from its origins in the early settlement of East Tennessee to its eventual violent demise. Author Kevin T. Barksdale investigates how this lost state failed so ruinously, examining its history and tracing the development of its modern mythology. The Franklin independence movement emerged from the shared desires of a powerful group of landed elite, yeoman farmers, and country merchants. Over the course of four years they managed to develop a functioning state government, court system, and backcountry bureaucracy. Cloaking their motives in the rhetoric of the American Revolution, the Franklinites aimed to defend their land claims, expand their economy, and eradicate the area's Native American population. They sought admission into the union as America's fourteenth state, but their secession never garnered support from outside the Tennessee Valley. Confronted by Native American resistance and the opposition of the North Carolina government, the state of Franklin incited a firestorm of partisan and Indian violence. Despite a brief diplomatic flirtation with the nation of Spain during the state's final days, the state was never able to recover from the warfare, and Franklin collapsed in 1788. East Tennesseans now regard the lost state of Franklin as a symbol of rugged individualism and regional exceptionalism, but outside the region the movement has been largely forgotten. The *Lost State of Franklin* presents the complete history of this defiant secession and examines the formation of its romanticized local legacy. In reevaluating this complex political movement, Barksdale sheds light on a remarkable Appalachian insurrection and reminds readers of the extraordinary, fragile nature of America's young independence.

Carol Doak's Simply Sensational 9-patch Stars

The book explores the critical importance of Pan-Asianism in Japanese imperialism. Pan-Asianism was a cultural as well as political ideology that promoted Asian unity and recognition. The focus is on Pan-Asianism as a propeller behind Japan's expansionist policies from the Manchurian Incident until the end of the Pacific War.
