London, 1853 Lady Catherine and Alexander Gray share a passion... because Catherine IS Alexander Gray! Despite Lady Catherine's love of fencing, she needs to stop pretending to be a boy and fraternizing with men... but only AFTER she competes in the upcoming fencing tournament! Her mother plans to marry her off

by the end of the season, so this will be her last chance to enjoy her freedom. When she impulsively puts her reputation at risk to save the life of a dashing competitor, all seems lost when he sees through her disguise. Can the Mad Marquess find a bride? Daniel, Marquess of Huntley, wants to overcome the rumors of his father's madness so that he can be embraced by London society. His plan is to marry the most proper woman who will have him, and then raise stable, respectable children. He certainly isn't interested in some hoyden with a penchant for masquerading as a boy and flaunting society's rules. In fact, he'd prefer to keep his distance. It comes down to a question of honor... When an obsessed suitor discovers Catherine's secret and threatens blackmail, the only path out of social ruin is marriage. But what kind of protection does matrimony provide when a vengeful suitor is plotting the ultimate revenge?

Business Ethics in Theory and Practice

This book originated in a symposium on business ethics that took place in the Faculty of Commerce at the University of Canterbury in September of 1997. Professor Werhane, who was a visiting Erskine Fellow, provided the keynote address, and many of the papers in this collection were originally presented at this symposium. We are grateful to Kluwer Publishers for the opportunity to publish these essays in their series on International Business Ethics. We want to thank the Olsson Center for Applied Ethics at the Darden School, University of Virginia, and the Erskine Trust and the Department of Management at the University of Canterbury for their support of Professor Werhane's fellowship, research for this text, and funding for its production. We especially want to thank Lisa Spiro, who copy-edited and prepared the manuscript for publication. INTRODUCTION AND OVERVIEW This book originated in a symposium on business ethics that took place in the faculty of commerce, at the University of Canterbury, in September 1997. Professor Werhane, who was a visiting Erskine Fellow, provided the keynote address. Contributions to the proceedings were inter-disciplinary, spanning theory and practice. Subsequent contributions were obtained from within New Zealand and from Asia. The book starts off on rather a pessimistic note: the new

managerialism (the kind of thing Scott Adams jokes about in the world-famous Dilbert cartoons) is economically suspect and psychologically damaging.

Seven Will Out

The environment of a university – what we term a campus – is a place with special resonance. They have long been the setting for some of history's most exciting experiments in the design of the built environment. Christopher Wren at Cambridge, Le Corbusier at Harvard, and Norman Foster at the Free University Berlin: the calibre of practitioners who have shaped the physical realm of academia is superlative. Pioneering architecture and innovative planning make for vivid assertions of academic excellence, while the physical estate of a university can shape the learning experiences and lasting outlook of its community of students, faculty and staff. However, the mounting list of pressures – economic, social, pedagogical, technological – currently facing higher education institutions is rendering it increasingly challenging to perpetuate the rich legacy of campus design. In this strained context, it is more important than ever that effective use is made of these environments and that future development is guided in a manner

that will answer to posterity. This book is the definitive compendium of the prestigious sphere of campus design, envisaged as a tool to help institutional leaders and designers to engage their campus's full potential by revealing the narratives of the world's most successful, time-honoured and memorable university estates. It charts the worldwide evolution of university design from the Middle Ages to the present day, uncovering the key episodes and themes that have conditioned the field, and through a series of case studies profiles universally-acclaimed campuses that, through their planning, architecture and landscaping, have made original, influential and striking contributions to the field. By understanding this history, present and future generations can distil important lessons for the future. The second edition includes revised text, many new images, and new case studies of the Central University of Venezuela and Indian Institute of Management Ahmedabad.

For freedom to have a meaning, it must come through the sacrifice of the people. It is on this notion that the book narrates the journey of Nigeria and its people from the colonial perspective; it highlights contemporary realities with critical thoughts and gives an in-depth understanding of power politics. The book is a thorough work on Nigeria's historical and political evolution since the inception of its self-rule, with special appraisal on its political leaders. It provides insight on how Nigeria can be re-shaped by a new definition of power. The author argues persuasively, the road that should be taken by the people of Nigeria, in restoring the meaning of citizenship.

Lady Catherine's Secret

A university campus is a place with special resonance: conjuring images of cloistered quadrangles and wood-panelled libraries, often echoing centuries of scholarly tradition. And yet it is also a place of cutting-edge science, interactive learning, youth, vibrancy, and energy. It is this dual nature which makes the physical environment of a university so dynamic as well as a highly challenging landscape to design and manage successfully. Today, the scale of the pressures and the rate of change facing higher education institutions are greater than ever. Squeezed public spending, rising tuition fees and the growing education ambitions of developing nations are set against a backdrop of rapid technological progress and changing pedagogies. What are the repercussions for the physical realities of university planning and architecture? And how are university campuses adapting

to contend with these pressures? University Trends introduces the most significant, widespread and thought-provoking trends in campus design today. Part 1 identifies current trends such as starchitecture, large-scale campus extensions, adaptive re-use, and international branch campuses. Part 2 profiles each trend via highly-illustrated, global case studies of well-publicised as well as lesser-known projects. The essential guide to current and future trends in campus design.

The authors demonstrate the process of translating coherent thinking into coherent grammar, with attention to all parts of speech, verb tenses and moods. Examples of proper sentence construction deal with simple, compound, and complex sentences, and demonstrate agreement in number, correct sequence of tenses, and more. Other topics covered include punctuation, vocabulary building, and writing style. Exercises with answers appear throughout the text. Barron's continues its ongoing project of updating, improving, and giving handsome new designs to its popular list of Easy Way titles, now re-named Barron's E-Z Series. The new cover designs reflect the books' brand-new page layouts, which feature extensive two-color treatment, a fresh, modern typeface, and more graphic material than ever. Charts, graphs, diagrams, instructive line illustrations, and

where appropriate, amusing cartoons help to make learning E-Z. Barron's E-Z books are self-teaching manuals focused to improve students' grades across a wide array of academic and practical subjects. For most subjects, the skill level ranges between senior high school and college-101 standards. In addition to their self-teaching value, these books are also widely used as textbooks or textbook supplements in classroom settings. E-Z books review their subjects in detail, using both short quizzes and longer tests to help students gauge their learning progress. All exercises and tests come with answers. Subject heads and key phrases are set in a second color as an easy reference aid.

If you thought "Six of One: A Tudor Riff" was the most fun you could have with your nightdress on, wait until you see what "Seven Will Out: A Renaissance Revel" has in store. Get ready for one 'ruff' night! Tudorophile Dolly thought that the night she spent on an astral plane with Henry VIII's six wives, learning their heretofore unknown secrets, was a one-time thing. Not so! In "Seven Will Out," Dolly finds herself back in the ether with the women of later Tudor times: Elizabeth I, 'Bloody' Mary, Bess of Hardwick, Mary, Queen of Scots, and Anne Hathaway Shakespeare, to name a few. They too have secrets that will turn history on its head, and comic sass that will keep you laughing. You've read all of the traditional, serious and romantic takes on the legendary Tudors. Why not try your Tudors with a new and different twist?

This new in paperback edition of World Encyclopedia of Contemporary Theatre covers the Americas, from Canada to Argentina, including the United States. Entries on twenty six countries are preceded by specialist introductions on Theatre in Post-Colonial Latin America, Theatres of North America, Puppet Theatre, Theatre for Young Audiences, Music Theatre and Dance Theatre. The essays follow the series format, allowing for cross-referring across subjects, both within the volume and between volumes. Each country entry is written by specialists in the particular country and the volume has its own teams of regional editors, overseen by the main editorial team based at the University of York in Canada headed by Don Rubin. Each entry covers all aspects of theatre genres, practitioners, writers, critics and styles, with bibliographies, over 200 black & white photographs and a substantial index. This Encyclopedia is indispensable for anyone interested in the cultures of the Americas or in modern theatre. It is also an invaluable reference tool for students and scholars of a wide range of disciplines including history, performance studies, anthropology and cultural studies.
