CorelDRAW 5 Quick & Easy

A showcase of the year's best typographic work in print and on screen in advertising, communications, education, marketing, and publishing. The only annual publication devoted exclusively to the art of type, Typography 35 presents the finest work in the field for 2013. Selected from approximately 2,300 international submissions to the annual Type Directors Club competition, the winning designs are models of excellence and innovation in the use of type design, representing a wide range of categories in diverse fields, including books, magazines, corporate branding, logos, stationery, annual reports, video and web graphics, and posters. Each year, the Type Directors Club selects a prominent design studio or designer to curate the latest Typography book and select the winners of their annual typography competition. Tremendous creative freedom is given to each studio, allowing the annual to evolve dramatically with each new publication. Typography 35 is designed by American graphic designer, creative director, and educator Brian Collins, who was the chief creative officer of the Brand Innovation Group, Ogilvy & Mather, from 1998-2007.

Mastering CorelDRAW 3

CorelDraw 2019 Training Book
-- CorelDraw is introduced from the beginning, step by step, with lots of exercises. Easy learning by doing! Using this graphics program is almost playful, because this book is not a collection of material, but a training book, proven and developed from numerous computer courses. -- Printed in full color. With many pictures and illustrations.
-- From the content:
-- - Drawing tools: pen, brush, eraser, spray can, polyline
-- - Tools such as grids and

guides for precise drawing
--- - Set colors and fillings, fill patterns --- - Effects for graphics such as extruding, wrapping, fading, etc.
--- - Install pictures and clip art . --- - Quantity text and graphic text -- - Create business cards, leaflets, brochures, graphics
-- With lots of exercises, the material is explained step by step, to be understood on your PC.
-- Of course, a lot can be looked up on the Internet today, but beginners usually do not know what is possible with a graphics program and therefore do not even come up with the idea of looking for it, here the book takes the reader by the hand and shows exercise for exercise the possibilities and drawing techniques.
-- After completing your studies, you can not only draw private DVD stickers or birthday invitations, but also design professional applications, e.g. company logos or advertising posters, for the latter our Built-Up Volume is recommended as an addition.
-- We have three books on almost every version of CorelDRAW: a training book for the CorelDRAW graphics drawing program, a training book for the Corel Photo-Paint photo program (for photo editing) included in the CorelDRAW Suite, and a Built-Up Volume for both with more sophisticated exercises and techniques.

InfoWorld

Explains how to use the graphics program to manipulate text and images, create bitmap effects, add layers and shadow, import digital photographs, and maximize color palettes
