Jury service is one of the most important civic duties a person can undertake, yet it is often poorly understood. This booklet has been prepared in consultation with the Juries Commissioner's Office. It answers frequently asked questions about jury service and provides prospective jurors with a clear explanation of their responsibilities and the processes involved in trials. All potential jurors will receive a copy when they attend for jury service.

Steel's Edge

A linguistic corpus is a collection of texts which have been selected and brought together so that language can be studied on the computer. Today, corpus linguistics offers some of the most powerful new procedures for the analysis of language, and the

impact of this dynamic and expanding sub-discipline is making itself felt in many areas of language study. In this volume, a selection of leading experts in various key areas of corpus construction offer advice in a readable and largely non-technical style to help the reader to ensure that their corpus is well designed and fit for the intended purpose. This guide is aimed at those who are at some stage of building a linguistic corpus. Little or no knowledge of corpus linguistics or computational procedures is assumed, although it is hoped that more advanced users will find the guidelines here useful. It is also aimed at those who are not building a corpus, but who need to know something about the issues involved in the design of corpora in order to choose between available resources and to help draw conclusions from their studies.

God, Jesus and humanity, drawing also on some deep wells from the past in the writings of the early Christians. In an accessible style, it looks at science research and theories in areas such as quantum physics and consciousness, epigenetics, morphic resonance and the zero point field. From there, seeing God as the compassionate consciousness at the ground of being, it draws together strands to do with unitive consciousness and the Wisdom way of the heart. Throughout, it seeks to encourage an evolution in understanding of the Christian message by reinterpreting much of the theological language and meaning that has become 'orthodoxy' in the West. In doing so, it challenges many of the standard assumptions of Western Christianity. It outlines a spiritual path that includes elements from all of the world's great religions, is not exclusive, and yet has a place of centrality for Jesus the Christ as a Wisdom teacher of the path of transformative love.

higher brain potential The human brain is like a flowing river of potential. Until now, that river has been blocked, barricaded, and diverted by the primitive lower brain. The lower brain hijacks our ability to experience deeper flow and higher transcendent states of consciousness. It also guards against the full expression of the passionate human heart. Source Code Meditation (SCM), with its nine summits of transformation, effortlessly re-routes that lower brain diversion, allowing you to activate latent energy in your body, awaken your higher brain, enlighten your mind, and set your heart on fire to create a new world. With traditional meditation techniques, it often takes decades of practice for hours each day to confer significant changes in the mind and the higher brain. Few of us make it to these rarified states of mind, due to the amount of time and the intensity of focus needed. With “brain first” SCM techniques, you mobilize latent energy in the body and direct it to energize and awaken the higher brain before meditation begins. With the higher brain prepped and tuned, meditation is efficiently received, leading to quantum breakthroughs in higher consciousness without years of practice as well as access to deep flow states, transcendent states of consciousness, and higher brain potential. Providing a simplified step-by-step guided process to SCM, Dr. Michael Cotton explains how to shift energy out of the lower “survive” brain into the higher “thrive” brain to bring confidence, clarity, and empowerment for transformative change in all areas of life. Distilled from the world’s most comprehensive philosophy, Integral Metatheory, SCM offers not only a way to create the brain state necessary to change the mind,

but the crystal clarity needed to use these advanced meditative states to actualize your potential and live your destiny to the fullest.

Developing Linguistic Corpora

The Muhammad cartoon crisis of 2005–2006 in Denmark caught the world by surprise as the growing hostilities toward Muslims had not been widely noticed. Through the methodologies of media anthropology, cultural studies, and communication studies, this book brings together more than thirteen years of research on three significant historical media events in order to show the drastic changes and emerging fissures in Danish society and to expose the politicization of Danish news journalism, which has consequences for the political representation and everyday lives of ethnic minorities in Denmark.

The Annoying Difference

The Edge lies between worlds, on the border between the Broken, where people shop at Wal-Mart and magic is a fairy tale—and the Weird, where blueblood aristocrats rule, changelings roam, and the strength of your magic can change your destiny... Charlotte de Ney is as noble as they come, a blueblood straight out of the Weird. But even though she possesses rare magical healing abilities, her life has brought her nothing but pain. After her marriage crumbles, she flees to the Edge to build a new home for herself. Until Richard Mar is brought to her for treatment, and Charlotte's life is turned upside down once again.

La Technique

1884—Deep in the Sudanese deserts a crazed religious fanatic spawns violent bloodshed. In Victorian England Edward and Richard are twins, with a blessed life, enjoying their elite private school for boys, and with prospects of army commissions ahead. But then a woman's greed tears them apart and destroys their comfortable world. Even though their love is forbidden, for Edward there is no other in his life but Richard, and for Richard a life without Edward is unbearable. Has fate determined that they must lead their lives apart? As members of the British force engaged in a doomed bid to save heroic Gordon of Khartoum, besieged by the frenzied armies of the Mahdi, Edward and Richard, cruelly separated by events, and ignorant of the other's presence, are thrown into their own desperate adventures as the conflict rages on around them...
