Cost Accounting, Student Value Edition

For introductory, undergraduate Managerial Accounting courses. Rock-solid decision-making through strong coverage and effective practice. Students interact with businesses every day where they work, where they shop, even where they blog. At the core of these businesses are rock-solid managerial accounting fundamentals that students don't always see. Authors Wendy Tietz, Karen Braun, and Walter Harrison show the connection between accounting concepts and the businesses students interact with in their new text, *Managerial Accounting*. By presenting the accounting decisions made in companies like Target and J. Crew, this text's precise coverage of the core concepts combined with the unlimited practice in MyAccountingLab, the text's market-leading online homework and tutorial program gets students engaged in the learning process. With *Managerial Accounting* and MyAccountingLab, students will have more "I Get It!" moments and leave the course with a rock-solid understanding of managerial accounting. For this edition, Wendy Tietz, of Kent State University, contributed as coauthor. Dr. Tietz is an award-winning and experienced accounting and technology educator. Together, the authors

Cost accounting provides key data to managers for planning and controlling, as well as costing products, services, even customers. Cost Accounting, 16e focuses on how this discipline would help managers make better decisions, as cost accountants are increasingly becoming integral members of company’s decision-making teams. In order to emphasize this prominence in decision making, the authors have used the ‘different costs for different purposes’ theme throughout this book. By focusing on basic concepts, analyses, uses and procedures instead of procedures alone, they have recognized cost accounting as a managerial tool for business strategy and
