everywhere he did. When he joined the Marines she did too. Then disaster struck. After leaving the Marines, she returns to the family ranch in Montana hoping to heal her shattered heart. On a ride into the foothills she sees something glowing in the side of the mountain. When she goes to investigate she discovers a fist-sized sapphire that turns her already fragile world upside down. Jake Barrow is a part-time gambler, full-time hired gun. His decisions are based on hunches and the turn of a card. He's in the foothills when a young woman comes tumbling down the mountain. Unsure whether Lady Luck has dealt him a good hand or a bad, he takes one look at the beauty at his feet and doesn't need to shuffle the deck to know she's his destiny.

In this remarkable new photographic history, local historian and photographer Dennis LeBeau presents a heartwarming tale of life in the Brookfields at the turn of the century. The photographs in this collection are those of William Bullard, an itinerant photographer in the 1890s and early 1900s from North Brookfield, whose work has never before been published in book form. The story of Bill Bullard's life and photographic legacy are dramatically revealed in this fascinating glimpse into the past. After the photographer's untimely and tragic demise, the rich photographic archives of Bill Bullard were carefully preserved by his brother, Charlie Bullard, and three generations of the neighboring Gaudette family. Dennis LeBeau has individually reprinted each image in this collection from its original glass plate negative. Mr. LeBeau's researched and well-informed captions accompany the photographs in Bullard's collection, creating a comprehensive historic portrait of both the Brookfields and the Bullard family.

Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will

help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

If you believe that gargoyles are mere statues found at churches, you are mistaken, as were Jacob and Cheryl Sterns, until they came face-to-frightening-face with one. Humble convenience-store clerk Walter Archemis becomes an unexpected hero when he rescues the twins from danger at the hands of Duster the menacing gargoyle. Yet the twins become marked with a sinister bond, and the tortuous creatures of stone will not leave them alone. Now under the protection of Archemis revealed to the twins as a vampire from an ancient world, charged with the mission to protect human mortals from the gothic granite ghouls the twins must endeavor a terrifying quest to evade them. Find out more about this exciting page-turner as Robert M. St. Marie leaves you scared and thrilled with his latest offer, Blood and Stone.
