Spoken Telugu for Absolute Beginners is the most comprehensive English guide for Telugu Language on the market for Absolute beginners: This book is a structured and systematic approach to teach yourself spoken Telugu. Written by a well-experienced teacher specialized in teaching Telugu to foreigners. What is unique about this book? What makes it better than other Telugu language learning books? This book is the best in the market because it contains: * Fun and essential vocabulary and phrases. * Speaking and listening practice. * Pronunciation, Cultural notes and Grammar explanation in very detailed manner. * Telugu Vocabularies, sentences and conversation scenarios are provided. * 30 plus audio tracks can be downloaded from google drive to listen to. Details are given inside. * Provided vocabulary, sentences and verb conjugation in memrise application to make the learning experience more fun and intuitive. * Support from the author will be provided at all times. * Built using simple, easy to understand English with an elaborate explanation. At the end of the book, you will be able to speak in Telugu, by making sentences using 3 - 6 words. This is the main and only goal of this book. Whether you are a foreigner visiting places where Telugu is the main spoken language or you want to interact with a Telugu native speaker in your place or you want to learn a language which is centuries old with lots of cultural values. This book is for you.

The Acts of the Apostles

Malayala is the language spoken predominantly in the beautiful state of Kerala, an increasingly popular tourist destination on the tropical Malabar coast of south-western India. Malayalam is spoken by around 36 million people. Its native speakers are called "Malayalis". The language is also spoken in the union territories

of Lakshadweep and Pondicherry, and by populations all over the world. Malayalam has a rich literary tradition and its speakers are among India's foremost intellectuals. Belonging to the family of Dravidian languages and closely related to Tamil, the language spoken in the neighbouring state Tamil Nadu, Malayalam developed a script of its own. It is also, interestingly, the longest palindromic language name in English. This essential resource provides an extensive two-way dictionary, comprehensive phrasebook, and basic grammar. To aid the English speaker, all Malayalam entries are presented in the Roman alphabet. The native script is also introduced, however, along with a detailed pronunciation guide. Guidance is offered to travellers for various everyday life situations, as well as useful common vocabulary items and an introduction to the arts and culture of Kerala.

Translated from the abridged Arabic manuscript copies preserved in the Public Library of Cambridge, with notes illustrative of the history, geography, botany, antiquities, &c. occurring throughout the work. By the Rev. S. Lee.

The Greatest Salesman in the World

Did you ever want to teach your kids the basics of Malayalam ? Learning Malayalam can be fun with this picture book. In this book you will find the following features: Malayalam Alphabets. Malayalam Words. English Translations.

Malayalam

Speak Malayalam in Ten Weeks is a new book by John D. Kunnathu & Lissy John. This book helps the speakers of English to gain the basic skills of speaking, listening, reading and writing Malayalam. This book was created as a second part to their earlier work, "Learn Basic Malayalam in Six weeks," which was found helpful by hundreds of people in the US and Europe. This book has ten lessons, which are built around ten children's songs, which have been sung by Yesudas, the well-known singer. The songs are based on the traditional popular animal fables. Thus the learners have the opportunity to learn Malayalam as presented through the voice of Yesudas. By the end of the ten lessons, a learner will be able to listen and understand Malayalam. The learner will also gain the ability to speak Malayalam. Our first book focused on the skills of reading and writing, but this one focuses on listening and speaking. This book makes use of the contemporary knowledge of the language and the contemporary ways of learning. Someone with a basic knowledge of the writing system of Malayalam can easily follow this book, and rise to a higher level. A reviewer, Andre Pleasant, wrote: Great helper for learning a new language. Wonderful book! Another reviewer, Reba M, wrote: This book was a very thorough and helpful tool in helping me to learn how to speak Malayalam!

Learn & Speak 15 Indian Languages Through Hindi & English

Jay Shetty, social media superstar and host of the #1 podcast On Purpose, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, Think Like a Monk reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

Thousands of NRIs come to their Mother Land for vacations at least once a year. Especially those have parents still alive back in India. Elsy and Mathew are not any different from those ordinary people. Every year they looked into this vacation

time. Since their children were grownups and taking care of themselves Elsy and Mathew were worry free couple. They love to spend time in their flat in Kerala and take some side trips while they are in India This year also they started their vacation travel from Houston Texas where they are settled now. But this time on second day of their arrival in Aluva Kerala all their plans got shattered. Vacation became a nightmare and tension filled days. They became victims of a crime they fell in without their willingness or knowledge. But they did not lose their faith and trust in other good people. In that agonizing time their children came to help. They all learned so much from this saga. How the drama unfolded at the end and who were the players in this drama? How Elsey and Mathew became victims? Who helped them to find an end to that difficult period?

Charles Haddon Spurgeon is commonly called The Prince of Preachers, a title he rightly deserves. At the height of his ministry he preached to crowds of ten thousand every Sunday. Now, a hundred years after his death, Spurgeon's sermons remain insightful, convicting, practical, and timely as when he preached them from the pulpit of the Metropolitan Tabernacle.

The Travels of Ibn Batūta

"It's official: excessive "internetting," smartphoning, and social media make us miserable. But it doesn't have to be that way. Over the last decade, recognized journalist Blake Snow rigorously researched, tested, and developed several connectivity strategies for finding offline balance in an online world, which resulted in this, his first book. In Log Off: How to Stay Connected after Disconnecting, Snow passionately, succinctly, and sometimes humorously explains how to hit refresh for good, do more with less online, live large on low-caloric technology, increase facetime with actual people, outperform workaholics in half the time, and tunelessly blend both analog and digital lives with no regrets. If the "offline balance movement" is real, this is its playbook." -- Back Cover

Acts is the sequel to Luke's gospel and tells the story of Jesus's followers during the 30 years after his death. It describes how the 12 apostles, formerly Jesus's disciples, spread the message of Christianity throughout the Mediterranean against a background of persecution. With an introduction by P.D. James

What you are today is not important . . . for in this runaway bestseller you will learn how to change your life by applying the secrets you are about to discover in the ancient scrolls. "I will persist until I succeed. I was not delivered into this world into defeat, nor does failure course in my veins. I am not a sheep waiting to be prodded by my shepherd. I am a lion and I refuse to talk, to walk, to sleep with the sheep. The slaughterhouse of failure is not my destiny. I will persist until I succeed."
—From the ancient scroll marked III in The Greatest Salesman in the World Praise for The Greatest Salesman in the World "The Greatest Salesman in the World is one of the most inspiring, uplifting, and motivating books I have ever read. I can well understand why it has had such a splendid acceptance."—Norman Vincent Peale "At last! A book on sales and salesmanship that can be read and enjoyed by veteran and recruit alike! I have just completed The Greatest Salesman in the World for the second time—it was too good for just one reading—and in all

sincerity, I say that it is the most readable, most constructive and most useful instrument for the teaching of sales as a profession that I have ever read.”—F.W. Errigo, Manager, U. S. Sales Trainer at Parke, Davis & Company “I have read almost every book that has ever been written on salesmanship, but I think Og Mandino has captured all of them in *The Greatest Salesman in the World*. No one who follows these principles will ever fail as a salesman, and no one will ever be truly great without them; but, the author has done more than present the principles—he has woven them into the fabric of one of the most fascinating stories I have ever read.”—Paul J. Meyer, President of Success Motivation Institute, Inc. “Every sales manager should read *The Greatest Salesman in the World*. It is a book to keep at the bedside, or on the living room table—a book to dip into as needed, to browse in now and then, to enjoy in small stimulating portions. It is a book for the hours and for the years, a book to turn to over and over again, as to a friend, a book of moral, spiritual and ethical guidance, an unfailing source of comfort and inspiration.”—Lester J. Bradshaw, Jr., Former Dean, Dale Carnegie Institute of Effective Speaking & Human Relations “I was overwhelmed by *The Greatest Salesman in the World*. It is, without doubt, the greatest and the most touching story I have ever read. It is so good that there are two musts that I would attach to it: First, you must not lay it down until you have finished it; and secondly, every individual who sells anything, and that includes us all, must read it.”—Robert B. Hensley, President, Life Insurance Co. of Kentucky “Og Mandino provocatively prods your attention into fascination as he masterfully relates his story. *The Greatest Salesman in the World* is a book with emotional appeal for millions.”—Roy Garn, Executive Director, Emotional Appeal Institute “There are very few men who have the writing talent with which Og Mandino has been blessed. The thoughts contained in this book symbolize the importance of selling to the entire world’s existence.”—Sol Polk, President, Polk Bros., Inc.

Learn Kannada in 30 Days Through English

This is a workbook for those who learn to write Malayalam Alphabet. The focus is on the shape of the letters, and on how to write them. The letters are ordered from simple to complex, so that the learners won't be intimidated by the few complex

ones. The letters are classified into base forms, short forms, and combined forms. A page is devoted for each letter. At the top left you see the letter along with the direction as to how to write it. A star indicates the place to start writing a letter. At the top right you see a little help as to its sound. Also you see a few words in which the letter occurs. Then you see in six rows six sets of the letter in dotted lines in varying sizes. The biggest ones are at the top, and they become smaller as they go down. The learner is not supposed to write all of them together. In the first week, the learner may write only the ones in the first row. He/she may visit as many pages as time permits, but he/she should stay within the first row. In the second week, he/she may come back and do the second row of each of those pages he/she visited. Thus the learner needs to spend a minimum of six weeks to complete the entire book. If the learner is a child, he/she should be directed to stick to the plan of one row per week. Filling each page fully before going to the next won't serve the purpose. As the learner writes a letter, he/she needs to sound it too, so that each letter will be associated with the sound it represents. All Malayalam sounds don't have English equivalents. The learner will have to seek the help of a native speaker if available. The learner may also search in Youtube for Malayalam alphabet pronunciation, and listen from there. There is also a list of a few common words and a few sentences toward the end of the book. This is the very first book a level 1 learner of Malayalam may use. The same authors have made two more books available for the next levels. Learn Basic Malayalam in Six Weeks is level 2, and Speak Malayalam in Ten Weeks is level 3. A reviewer, Shija Abraham, wrote: "Malayalam Alphabet Practice Workbook by John Kunnathu and Lissy John is very well organized with mainly English-speaking people/kids in mind. Equivalent English sound for all vowels and consonants with a practice page is given for each letter. To help beginners, arrows are shown in the direction in which each letter is written. It also covers stressed consonants, consonant combinations, short form of consonants and consonants without a vowel. The book ends with some common words and sentences which also give a short history of the Malayalam language. The book provides a plan to learn the language in 6 weeks. The Kunnathu's experience as educators is very well displayed in the structure and the content of the book. I highly recommend this book for all beginners."

As concerns increase over the scarcity of water resources and the role of anthropogenic activities, water quality is evermore important. Activities ranging from agriculture to mining have had a bearing on the quality of water that they impact. Several studies assessing such impacts have been conducted at local and

global scales over the years. This book, consisting of contributions by authors in various water-related fields, delves into some approaches that are used to understand and/or to improve water quality, and these include assessment of water chemistry, biomonitoring, modelling and water treatment. This book will be useful to environmental scientists, water professionals, researchers, academics and students.
