A Manual for Cleaning Women

Our sharpest and most original social critic goes "undercover" as an unskilled worker to reveal the dark side of American prosperity. Millions of Americans work full time, year round, for poverty-level wages. In 1998, Barbara Ehrenreich decided

to join them. She was inspired in part by the rhetoric surrounding welfare reform, which promised that a job -- any job -- can be the ticket to a better life. But how does anyone survive, let alone prosper, on \$6 an hour? To find out, Ehrenreich left her home, took the cheapest lodgings she could find, and accepted whatever jobs she was offered. Moving from Florida to Maine to Minnesota, she worked as a waitress, a hotel maid, a cleaning woman, a nursing-home aide, and a Wal-Mart sales clerk. She lived in trailer parks and crumbling residential motels. Very quickly, she discovered that no job is truly "unskilled," that even the lowliest occupations require exhausting mental and muscular effort. She also learned that one job is not enough; you need at least two if you int to live indoors. Nickel and Dimed reveals low-rent America in all its tenacity, anxiety, and surprising generosity -- a land of Big Boxes, fast food, and a thousand desperate stratagems for survival. Read it for the smoldering clarity of Ehrenreich's perspective and for a rare view of how "prosperity" looks from the bottom. You will never see anything -- from a motel bathroom to a restaurant meal -- in quite the same way again.

Changing the rules

"I have always had faith that the best writers will rise to the top, like cream, sooner or later, and will become exactly as well-known as they should be-their work talked about, quoted, taught, performed, filmed, set to music, anthologized. Perhaps, with the present collection, Lucia Berlin will begin to gain the attention she deserves."

-Lydia Davis A MANUAL FOR CLEANING WOMEN compiles the best work of the legendary short-story writer Lucia Berlin. With the grit of Raymond Carver, the humor of Grace Paley, and a blend of wit and melancholy all her own, Berlin crafts miracles from the everyday, uncovering moments of grace in the Laundromats and halfway houses of the American Southwest, in the homes of the Bay Area upper class, among switchboard operators and struggling mothers, hitchhikers and bad Christians. Readers will revel in this remarkable collection from a master of the form and wonder how they'd ever overlooked her in the first place.

Labour Research

BARACK OBAMA'S SUMMER READING PICK, 2019. BBC RADIO 4 BOOK OF THE WEEK. Educated meets Nickel and Dimed in Stephanie Land's memoir about working as a maid. A beautiful and gritty exploration of poverty in the western world. Includes a foreword by international bestselling author Barbara Ehrenreich. 'My daughter learned to walk in a homeless shelter.' As a struggling single mum, determined to keep a roof over her daughter's head, Stephanie Land worked for years as a maid, working long hours in order to provide for her small family. In Maid, she reveals the dark truth of what it takes to survive and thrive in today's inequitable society. As she worked hard to climb her way out of poverty as a single parent, scrubbing the toilets of the wealthy, navigating domestic labour jobs as a cleaner whilst also juggling higher education, assisted housing, and a tangled web of government assistance, Stephanie wrote. She wrote the true stories that weren't being told. The stories of the overworked and underpaid. Written in honest, heart-rending prose and with great insight, Maid explores the underbelly of the upper-middle classes and the reality of what it's like to be in service to them. 'I'd become a nameless ghost,' Stephanie writes. With this book, she gives voice to the 'servant' worker, those who fight daily to scramble and scrape by for their own lives and the lives of their children.
