## Long Live the Preacher

### Spirit-Led Preaching

While growing churches dot our urban centers and country landscapes, churchgoers and students today are actually less likely to maintain a Christian worldview than in the past. In fact, the majority of society does not even believe in objective truth. A minister out of touch with this culture is like an uninformed missionary trying to teach in a foreign country. To communicate God's Word effectively in the twenty-first century, teachers need to know how to connect with and confront an audience of postmodern listeners. In *Preaching to a Postmodern World*, Johnston shows pastors, seminary students, professors, lay teachers, and church leaders can reach the present age without selling out to it. The book discusses how to:

- distinguish between modernism and postmodernism
- understand postmodern worldviews
- change the style of preaching without compromising the substance
- take advantage of new opportunities provided by the cultural shift
- show an inattentive society the relevance of God's truth

The author's keen insights into contemporary pop and media culture also help equip speakers to address today's listeners with clarity and relevance.

This book by a well-respected teacher of preachers develops an integrated biblical and theological vision for preaching that addresses the essentials of this most important activity in the church. Drawing on influential voices from church history, Abraham Kuruvilla reclaims what has been lost through the centuries and offers fresh insights, showing preachers what they can aim for as an ideal in their preaching. He helps preachers have a better conception of what it means to preach, a fuller understanding of the divinely granted privilege of preaching, and a greater excitement for the preaching ministry. Concluding biblical reflections reinforce the teaching of each chapter.

### **The Expository Times**

Abraham Kuruvilla's *A Vision for Preaching* offered an integrated biblical and theological vision for preaching. *A Manual for Preaching* addresses the practical (and perennial) issue of how to move from the biblical text to an effective sermon. The author, a well-respected teacher of preachers, shows how to discern the text's theological meaning and let that meaning shape the development of the sermon. Clearly written and illustrated with Old Testament and New Testament examples, the book helps preachers negotiate larger swaths of Scripture and includes two annotated sermon manuscripts from Kuruvilla.

expository sermons. It guides the reader through a seven-step process, with many practical suggestions and illustrative charts along the way. In addition, there are eleven appendixes that include information on: o how to choose a text o preaching narratives o understanding your audience o forms of sermon introduction A comprehensive sermon evaluation questionnaire is included as well. Preparing Expository Sermons, an updated and expanded version of Scripture Sculpture, is ideal for beginning preachers, lay preachers without formal training, or any pastor who is looking for a refresher course in expository sermon preparation.

### **Expository Exultation**

“God has appointed preaching in worship as one great means of accomplishing his ultimate goal in the world.” —John Piper John Piper makes a compelling claim in these pages about the purpose of preaching: it is intended not merely as an explanation of the text but also as a means of awakening worship by being worship in and of itself. Christian preaching is a God-appointed miracle aiming to awaken the supernatural seeing, savoring, and showing of the glory of Christ. Distilling over forty years of experience in preaching and teaching, Piper shows preachers how and what to communicate from God’s Word, so that God’s purpose on earth will advance through Bible-saturated, Christ-exalting, God-centered preaching—in other words, expository exultation.

#### **The Preacher's Handbook**

A down-to-earth, practical introduction to the ins and outs of preaching for lay preachers, bivocational pastors, and others newly arrived in the pulpit. Recent years have seen a considerable increase in the amount of financial resources required to support a full-time pastor in the local congregation. In addition, large numbers of full-time, seminary trained clergy are retiring, without commensurate numbers of new clergy able to take their place. As a result of these trends, a large

number of lay preachers and bivocational pastors have assumed the principal responsibility for filling the pulpit week by week in local churches. Most of these individuals, observes Clifton Guthrie, can draw on a wealth of life experiences, as well as strong intuitive skills in knowing what makes a good sermon, having listened to them much of their lives. What they often don't bring to the pulpit, however, is specific, detailed instruction in the how-tos of preaching. That is precisely what this brief, practical guide to preaching has to offer. Written with the needs of those for whom preaching is not their sole or primary occupation in mind, it begins by emphasizing what every preacher brings to the pulpit: an idea of what makes a sermon particularly moving or memorable to them. From there the book moves into short chapters on choosing an appropriate biblical text or sermon topic, learning how to listen to one's first impressions of what a text means, moving from text or topic to the sermon itself while keeping the listeners needs firmly in mind, making thorough and engaging use of stories in the sermon, and delivering with passion and conviction. The book concludes with helpful suggestions for resources, including Bibles, commentaries, other print resources and websites.

### **George Buttrick's Guide to Preaching the Gospel**

The Crisis of Bad Preaching is an audacious response to a long-simmering pastoral crisis: poorly prepared, often stale, and largely irrelevant homilies that are fueling the mass exodus of people from the Church. Echoing Popes Benedict and Francis, Rev. Joshua Whitfield confronts what is perhaps the most common complaint of Catholics around the world: hollow, vacuous preaching. A parish priest in Dallas, Whitfield encourages fellow preachers to profound renewal, reminding them that preaching is not just something they do, it is essential to who they are. Catholic preaching today often achieves the opposite of what it should, which is connecting the People of God with the Gospel of Christ in a compelling and motivating way. With an insider's candor, biting honesty, and persuasive conviction, Whitfield stresses that preachers need to return to this ideal because the wellbeing of the Church depends on it. More than just another how-to book, The Crisis of Bad Preaching is at once deeply challenging and uplifting and full of practical advice for a reversal of the status quo. In Part I, Whitfield explores the essential role of the preacher as a public intellectual and member of the communion of preachers that spans the history of the Church. Whitfield offers advice about which great

preachers—from Origen, Augustine , and Aquinas to Martin Luther King, Jr. and Bishop Robert Barron—to study and what to learn from them. Whitfield also explains why preachers must submit in humility to the fullness of the Church—its teachings, authority, practices, and structures. In Part II, Whitfield explores the important habits of prayer, preparation, cultivating rhetorical skill, and learning to take full advantage of both positive and negative criticism. He explains how the way of the preacher must be the way of the Holy Spirit and argues that without the preacher opening his heart to the fire of evangelical proclamation, he will lack the capacity to preach the transforming grace of the Gospel, his mandate. In a brief epilogue, Whitfield encourages ten habits for listening. Addressed to both laity and the ordained, he asserts that fixing preaching will take the concerted effort of all members of the Church.

Preaching simply does not happen apart from the Holy Spirit. In fact, preaching is the Spirit's ministry! Spirit-Led Preaching helps readers understand preaching from the Spirit's point of view and teaches about the Spirit's role in both the preparation and delivery process, showing what it means to be truly empowered by the Spirit when you preach. It also explains the crucial connection between Word and Spirit as they depend on each other to bring about spiritual transformation in the lives of the congregation. This revised edition includes a new chapter on the congregation's role in relationship to the Spirit and preaching—a subject not often mentioned in books on preaching. Spirit-led Preaching is a book written by a pastor to pastors and students of preaching and is filled with personal examples from the author's own preaching ministry. It has encouraged both novice students of preaching as well as seasoned pulpit veterans for over a decade. In 2007, Spirit-Led Preaching won first place for the Pastor's Soul category from Christianity Today magazine.

Today, traditional forms of preaching are being scrutinized and challenged. The biblical sermon is not immune to the pressure to evolve or even fall by the wayside, leaving pastors and seminary students confused over how best to communicate to today's listeners. In this forward-looking textbook, Kenton Anderson delivers a strong call to current and future ministers to indeed choose to preach biblical sermons, despite the obstacles to doing so. While preaching itself is non-negotiable, the exact form it takes can be much more flexible, allowing people to hear from God as they hear his Word preached. Rather than presenting one model or process for preparing a sermon, Anderson explains several available options. As you discern your message from the Bible, will you begin with the text (deductive) or with the listener (inductive)? Will you focus on the idea (cognitive) or the image (affective)? The choices you make lead to five possible sermon structures: • DECLARATIVE—make an argument • PRAGMATIC—solve a mystery • NARRATIVE—tell a story • VISIONARY—paint a picture • INTEGRATIVE—sing a song Each model is described in detail and related to well-known contemporary preachers, including John MacArthur, Rick Warren, Eugene Lowry, and Rob Bell. This book equips you with a variety of tools for your preaching tool kit. A CD-ROM with additional helpful resources is included, as well as discussion questions and practical exercises.

No function of the pastor is as visible and stress inducing as preaching. Being a good preacher requires learning the mental, emotional, spiritual and physical skills needed to effectively share God's word with a congregation. It demands a commitment to the craft of preaching. But few pastors feel adequately prepared for this high-stakes responsibility when they begin their ministries. Mary Hulst knows what it takes to preach well. Forged by her experiences as a pastor, preaching professor and college chaplain, she recognizes the challenges of the pulpit. In this uniquely practical book, Hulst provides foundational concepts and tips that all pastors can use, whether they are ministry newcomers or seasoned professionals. Preaching can bring both you and your congregation great joy and satisfaction, week after week. And *A Little Handbook for Preachers* can help you deliver a better sermon by Sunday.

“Does the preacher now impress us as a ‘legate of the skies’? To many he is a pathetic figure, an anachronism, a stage-joke—an inoffensive little person jostled by the crowd, and wearing the expression of a startled rabbit. With one hand he

holds a circular hat on a bewildered head and with the other desperately clutches an umbrella. The crowd pushes him from the sidewalk; the traffic shoots him back into the crowd. Some curse him; a few laugh; most are unaware of his existence.” (George Buttrick, Lyman Beecher Lectures, 1931). Whether we need preaching has been asked for hundreds of years, long before an age of media saturation from streaming 24-hour news, entertainment, politics, and sports. This question hounded George Buttrick, one of the most profound preachers of the twentieth century and often compared with Billy Graham. Buttrick offers a compelling answer to the question, but his answer remained hidden for 40 years until now. In George Buttrick’s Guide to Preaching the Gospel, we learn why the world needs competent preachers, what the preacher must preach about, and how the preacher goes about creating the sermon with daily discipline and several practiced skills, including research, charting, outlining, writing, and performance. These writings have never been published before and were found by his grandchildren after his death. A brief biography of Buttrick introduces this master orator and professor to readers who do not know his work.

Preaching is hard work. When I first felt called to ministry, I had no idea what I was getting myself into. I had never preached a sermon in my life. I never had a mentor walk me through the process. In fact, I was scared to death of public speaking. So I

argued with God. I begged Him to let me do anything but preach. The thought of having to preach in front of a crowd every single week terrified me. But God didn't relent. I went to a Bible college. I thought, "Surely, Bible college will teach me how to preach!" I applied myself. I graduated with honors with a ministry degree. But sadly, I was only forced to preach two times in the entire four years I was there. Since I was scared, I didn't go out of my way to seek preaching opportunities like I should have. Suddenly, I found myself in my first job as a youth pastor. I immediately had to preach at least once a week. PANIC! Bible college did not prepare me for this. What should I do? My first attempts at sermons (if you could even call it that) were horrendous. I stood in front of my notes, shaking while reading the message word for word. This is not what I got into ministry to do! I needed to get better. So I hit the books. I read every book on preaching I could get my hands on. The books were alright but mostly theoretical. So I asked a lot of pastors a lot of questions and started listening to as many good preachers as I could find. Finally, I started getting some practical advice. Slowly, I began to get better with each message. This little book is the kind of resource I wish I had way back when I felt the call to ministry. There were good books on preaching, but most lacked the practical tips I needed. I knew why I preached and what to preach. What I didn't know was how to preach. I needed short, practical tips to get me started in the right direction. Writing a sermon is not as complicated as it may seem. My hope is that this book will save you from the same panic attacks I had. However, if you are a well-seasoned preacher, don't think this book isn't for you. It

never hurts to get back to the basics. Writing this book has been just as helpful for me, reminding me of areas I, myself, have strayed from. In this book, you will learn how to master sermon prep, save time, write better messages, build an amazing illustration database, and more. Thanks for investing the time to read this. Your preaching will be better for it.

In *A Lay Preacher's Guide: How to Craft a Faithful Sermon*, Karoline M. Lewis provides lay preachers with an essential and accessible guide to the basics of Sunday morning preaching. Laypeople are increasingly called to serve congregations and are preaching regularly. But often they do not have immediate, reliable, or trusted access to homiletical instruction or support for their preaching. As a result, these church leaders--feeling called to ministry and to preach, and affirmed by denominational leaders to do so--are left on their own to figure out how to preach. In *A Lay Preacher's Guide*, Lewis gives this unique subset of preachers the foundations of biblical preaching, so they can preach faithfully in their unique contexts. She lays out in a concise and clear format the steps to preaching a faithful sermon, a process that can be immediately applied to weekly sermon preparation. This book is a go-to resource for lay preachers, providing a basic course for faithful preaching.

Preaching today all too often tragically misses the point. We've all heard sermons that sound more like a lecture, filling the head but not the heart. Based on this hermeneutic, he submits a new mode of reading Scripture for preaching: a Christiconic interpretation of the biblical text, a hermeneutically robust way to understand the depiction of the Second Person of the Trinity in Scripture. In addition, Kuruvilla's work provides a substantive theology of spiritual formation through preaching: what it means to obey God, the Christian's responsibility to undertake "faith-full" obedience to divine demand, and the incentives for such obedience—all integral to understanding the sermonic movement from text to application. *Privilege the Text!* promises to be useful not only for preachers, and students and teachers of homiletics, but for all who are interested in the exposition of Scripture that culminates in application for the glory of God.
