The AMA Manual of Style is a must-have guide for those seeking to publish research findings and anyone involved in medical or scientific publishing. But more than just a style manual, it offers guidance on how to navigate the dilemmas that authors, researchers and their institutions, medical editors and publishers, and members of the news media who cover scientific research confront on a daily basis. Written by an expert committee of JAMA and Archives editors, this 10th edition thoroughly covers ethical and legal issues, authorship, conflicts of interest, scientific misconduct, and intellectual property, in addition to preparation of articles for publication, style, terminology, measurement, and quantification. Customers who purchase the Special Online Bundle Package receive the hardcover 10th edition, as well as a one-year subscription to the Online Edition.

## **AMA Manual of Style: A Guide for Authors and Editors**

David Crystal's classic *English as a Global Language* considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.

### **Reports of Cases Decided by the English Courts**

Master the art of public speaking with a mind- and content-based approach to success. How to Present to Absolutely Anyone is the ultimate guide to successful public speaking. Presentations, talks, and speeches are unavoidable in school, work, and even social occasions (have you ever had to deliver a wedding toast?)—but fear of public speaking is statistically more common than fear of death. Author Mark Rhodes once pretended he had crashed his car to avoid doing a presentation! Permanent avoidance will eventually hold you back, but mastering the art of the successful presentation can take you to new heights! This book shows you how Mark eventually learned to love public speaking: by setting himself up for a self-sustaining cycle of presentation success. It takes more than stage presence to make a great presentation—you need great content. Without it, you won't get the result you're after, and you will dread the next talk. But if your presentation stands on its own two feet and you manage to banish the stage fright, you get a taste of success that ignites your passion and gets you excited to present every time! Packed with practical advice for both mental anguish and content creation, this book approaches public speaking holistically to arm you with

real skills for success: Build confidence, reduce fear, and develop the right mindset for public speaking Engage your audience from the start, and reduce first-minute jitters Develop great content that you look forward to presenting each time Go beyond simple body language to reach your audience in a more authentic, organic way Don't mumble your way through a PowerPoint or try to put flash over substance. Craft an engaging, informative presentation that people want to see and that you want to present! This book covers performance anxiety, speaking skills, ideas/content, practice, preparation, and audience interaction. How to Present to Absolutely Anyone guides you from fear, to excitement, to success!

### **Narrative in English Conversation**

Storytelling is a fundamental mode of everyday interaction. This book is based upon the Narrative Corpus (NC), a specialized corpus of naturally occurring narratives, and provides new paths for its study. Christoph Rühlemann uses the NC's narrative-specific annotation and XPath and XQuery, query languages that allow the retrieval of complex data structures, to facilitate large-scale quantitative investigations into how narrators and recipients collaborate in storytelling. Empirical analyses are validated using R, a programming language and environment for statistical computing and graphics. Using this unique data and methodological base, Rühlemann reveals new insights, including the discovery of turntaking patterns specific to narrative, the first investigation of textual colligation

in spoken data, the unearthing of how speech reports, as discourse units, form striking patterns at utterance level, and the identification of the story climax as the sequential context in which recipient dialogue is preferentially positioned.

### **Writing and Presenting in English**

The earliest of the four Gospels, the book portrays Jesus as an enigmatic figure, struggling with enemies, his inner and external demons, and with his devoted but disconcerted disciples. Unlike other gospels, his parables are obscure, to be explained secretly to his followers. With an introduction by Nick Cave

### **Presenting in English**

How to teach English language students with drama - for professional English language teachers. This new book covers the exciting sector of teaching English language students using drama, plays and with theatre techniques. The book covers a wide range of subjects for teachers including how to plan class work, choosing appropriate texts, working with students with theatrical techniques, modifying dialogue and lines for different levels of student, stage management, and how these all work together to improve language appreciation and learning; using classic plays, suggested characters; resources beyond the textbook; using

stories, songs, games, etc.

### **Presenting in English. Mit CD-Rom. Windows 98, MR, NT, Win 2000, Win XP.**

Presenting in English teaches students how to become successful presenters at conferences or meetings. The course is designed for all students who need to use their English in front of audiences of any size. The author, himself a very effective presenter, has organised all the skills, language, and techniques needed to present in public with confidence. The course includes extensive practice activities and is accompanied by two audio CDs. This course has an Answer Key and is designed to be used by students alone or in class. Presenting in English has several unique features which make it exceptionally practical:

### **A comparatative approach to the English tense system**

New editions of the bestselling Revise GCSE Study Guides with a fresh new look and updated content in line with curriculum changes. Revise GCSE contains everything students need to achieve the GCSE grade they want. Each title has been written by a GCSE examiner to help boost students' learning and focus their revision. Each title provides complete curriculum coverage with clearly marked

exam board labels so students can easily adapt the content to fit the course they are studying. Revise GCSE is an ideal course companion throughout a student's GCSE study and acts as the ultimate Study Guide throughout their revision.

### **Presenting in English**

### **Presenting in English**

Presents a history of the English language, beginning with the Old English of the seventh century, through the Great Vowel Shift between the time of Chaucer and Shakespeare, and the later full emergence of modern English.

## **Presentation Zen**

Traces the career of abstract expressionist Willem de Kooning, discussing his personal life with wife Elaine Fried, and his battle with alcoholism and Alzheimer's disease. Winner of the Pulitzer Prize, National Book Critics Circle Award, & Los Angeles Times Book Prize for Biography. Reprint. 35,000 first printing.

## **Reader's Guide to Literature in English**

### **Killing Mr. Griffin**

From beloved author Lois Duncan comes a frightening novel about a group of students who set out to teach their malicious teacher a lesson -- only to learn that one of them could be a killer. Mr. Griffin is the strictest teacher at Del Norte High, with a penchant for endless projects and humiliating students. Even straight-A student Susan can't believe how mean he is to her crush, Dave, and to the charismatic Mark Kinney. So when Dave asks Susan to help a group of students teach Mr. Griffin a lesson of their own, she goes along with them. After all, it's a harmless prank, right? But things don't go according to plan. When one "accident" leads to another and people begin to die, Susan and her friends must face the

awful truth: one of them is a killer.

## **PRO and Control in English, Irish and Polish**

Pronouncing English is a textbook for teaching English phonetics and phonology, offering an original "stress-based" approach while incorporating all the standard course topics. Drawing on current linguistic theory, it uniquely analyzes prosody first, and then discusses its effects on pronunciation--emphasizing suprasegmental features such as meter, stress, and intonation, then the vowels and consonants themselves. Distinguished by being the first work of its kind to be based on an exhaustive statistical analysis of all the lexical entries of an entire dictionary, Pronouncing English is complemented by a list of symbols and a glossary. Richard Teschner and M. Stanley Whitley present an improved description of English pronunciation and conclude each chapter with suggestions on how to do a better job of teaching it. An appendix with a brief introduction to acoustic phonetics--the

basis for the perception vs. the production of sounds--is also included. Revolutionary in its field, Pronouncing English declares that virtually all aspects of English pronunciation--from the vowel system to the articulation of syllables, words, and sentences--are determined by the presence or absence of stress. The accompanying CD-ROM carries audio recordings of many of the volume's exercises, more than 100 text and sound files, and data files on which the statistical observations were based.

### **Cassell's library of English literature, selected, ed. and arranged by H. Morley**

This student book is designed to help pupil develops the six Key Stage 3 English Strategy skills: spelling, phonics, information retrieval, writing organization, sentences and reading between the lines. It prepares srudents for the Progress Test with test tips and sample questions.

### **Presenting in English**

Reader's Guide Literature in English provides expert guidance to, and critical analysis of, the vast number of books available within the subject of English literature, from Anglo-Saxon times to the current American, British and

Commonwealth scene. It is designed to help students, teachers and librarians choose the most appropriate books for research and study.

### **English as a Global Language**

#### **The Epistle of Paul the Apostle to The Romans**

Paul was the most influential figure in the early Christian church. In this epistle, written to the founders of the church in Rome, he sets out some of his ideas on the importance of faith in overcoming mankind's innate sinfulness and in obtaining redemption. With an introduction by Ruth Rendell

## **De Kooning**

FOREWORD BY GUY KAWASAKI Presentation designer and internationally acclaimed communications expert Garr Reynolds, creator of the most popular Web site on presentation design and delivery on the Net — presentationzen.com — shares his experience in a provocative mix of illumination, inspiration, education, and guidance that will change the way you think about making presentations with PowerPoint or Keynote. Presentation Zen challenges the conventional wisdom of making "slide presentations" in today's world and encourages you to think differently and more creatively about the preparation, design, and delivery of your presentations. Garr shares lessons and perspectives that draw upon practical advice from the fields of communication and business. Combining solid principles of design with the tenets of Zen simplicity, this book will help you along the path to simpler, more effective presentations.

## **Story-Based Inquiry: A Manual for Investigative Journalists**

Despite its everyday relevance, the reputation of punctuation is tarnished. Actually, modern English punctuation is often considered not more than a necessary evil. For many people, punctuation usage follows seemingly arbitrary

and unmotivated rules. The present approach moves away from a static, rulebased description towards a more dynamic, contextbased interpretation of punctuation. Punctuation is a highly versatile medium-dependent means of presentational choice. To accept this view is to take a significant step towards closing the gap that still exists between punctuational theory and the actual usage of punctuation. Punctuation adopts a guiding role for the reader and the present study explores this guide potential, providing a thorough analysis of both the linguistic status and the communicative value of punctuation.

### **Teaching Secondary English**

### **Universal Dictionary of the English Language**

Seminar paper from the year 2011 in the subject English - Pedagogy, Didactics, Literature Studies, grade: 1,7, University of Hamburg, language: English, abstract: Robert Binnick (1991: vii) wrote „whoever has read in one book that English has three tenses, in another that it has two, and in yet a third that it has sixteen () may be pardoned for some confusion and some skepticism as to the claim of linguistic scholars to know a great deal about tense“. This quotation illustrates the problem of the classification of the English tense system on which the focus of this paper

will be based. Although linguists' knowledge of the tense system has increased over the years, the problem is that, as Robin Lakoff wrote, they "cannot account for many ways in which tenses are used in English" (Binnick 1991: vii). Therefore, English tense(s) have not yet been understood completely. By comparing different authors and frameworks, this paper will present different approaches to the English tense system. The aim is not to provide a perfect solution to all answers but to introduce different viewpoints and to go a step beyond the common conceptualization of the English language by presenting competing theories.

### **The English Reports: House of Lords (1677-1865)**

Designed to facilitate communication between Spanish-speaking patients with little or no knowledge of English and English-speaking medical personnel with little or no knowledge of Spanish, this handy book, a best seller in its first three editions, is now issued in a fourth edition, the first to include pediatric workups. Designed for use in the clinic, the emergency room, the physician's office, and at the patient's bedside, *¿Qué Pasó?* is also useful for travelers in Spanish-speaking countries. In addition to guides to common phrases, everyday questions, and answers, and essential non-medical terminology and vocabulary, the authors have provided a variety of medical workups on situations ranging from the headache to family planning. The new pediatric material will make this highly praised book even more useful than the earlier editions.

## **English and English Literature**

The Rosetta Stone of Science is a useful and practical guide to presenting scientific research in the English language. It is written specifically for scientists who would like to improve the effectiveness with which they use the English language and improve their communicative skills in order to become published and develop more confidence in presenting their work at international conferences. Part 1 of the book covers the style preferred by today's leading journals, discusses how to prepare models for writing research papers, and provides advice for writing abstracts, proposals, and editing. Examples of cover letters are also given. Part 2 discusses the various arts and techniques used by successful presenters at scientific conferences. The content of the book is presented in a light, simple and informative manner making The Rosetta Stone of Science an entertaining and instructive read. This book will prove invaluable to all scientists, research fellows, post-docs, and graduate students whose first language is not English.

## **Teaching English with Drama**

The author shows how teachers can enable their students to acquire skills and knowledge, as well as to recognize the value of aesthetic experience and emotional literacy.
