### **Presidents' Secrets**

### **Secrecy in Japanese Arts: "Secret Transmission" as a Mode of Knowledge**

There is a hidden country within the United States. It was formed from the astonishing number of secrets held by the government and the growing ranks of secret-keepers given charge over them. The government secrecy industry speaks in a private language of codes and acronyms, and follows an arcane set of rules and customs designed to perpetuate itself, repel penetration, and deflect oversight. It justifies itself with the assertion that the American values worth preserving are often best sustained by subterfuge and deception. There are indications that this deep state is crumbling. Necessary secrets are often impossible to keep, while frivolous secrets are kept forever. The entire system has fallen prey to political manipulation, with leaks carefully timed to advance agendas, and over-classification given to indefensible government activities. Deep State, written by two of the country's most respected national security journalists, disassembles the secrecy apparatus of the United States and examines real-world trends that ought to trouble everyone from the most aggressive hawk to the fiercest civil libertarian. The book: - Provides the fullest account to date of the National Security Agency's controversial surveillance program first spun up in the dark days after 9/11. - Examines President Obama's attempt to reconcile his instincts as a liberal with the realities of executive power, and his use of the state secrets doctrine. - Exposes how the public's ubiquitous access to information has been the secrecy industry's toughest opponent to date, and provides a full account of how WikiLeaks and other "sunlight" organizations are changing the government's approach to handling sensitive information, for better and worse. - Explains how the increased exposure of secrets affects everything from Congressional budgets to Area 51, from SEAL Team Six and Delta Force to the FBI, CIA, and NSA. - Assesses whether the formal and informal mechanisms put in place

## Get Free Rule By Secrecy The Hidden History That Connects The Trilateral Commission The Freemasons And The Great Pyramids

to protect citizens from abuses by the American deep state work, and how they might be reformed. Deep State is based on the authors' insatiable curiosity for the ground truth and layered on a foundation of original and historical research as well as unprecedented access to lawmakers, intelligence agency heads, White House officials, and secret program managers. It draws on thousands of recently declassified documents and candid interviews with more than 100 military, industry, and government officials. By the bestselling authors of *The Command: Deep Inside the President's Secret Army*: Marc Ambinder, editor at large at *The Week*, contributing editor at *GQ* and the *Atlantic*, who has covered Washington for CBS News and ABC News; and D.B. Grady, a correspondent for the *Atlantic*, national security columnist for *The Week*, and former U.S. Army paratrooper and Afghanistan veteran.

### **The Trouble with Government**

In 1789, the Founding Fathers came up with a system of checks and balances to keep kingly powers out of the hands of American presidents. But in the 1970s and '80s, a faction of Republican loyalists, outraged by the fall of the imperial presidency after Watergate and the Vietnam War, abandoned conservatives' traditional suspicion of concentrated government power. These men hatched a plot that would allow the White House to return to, or even surpass, the virtually unchecked powers that Richard Nixon had briefly tried to wield. Congress would be defanged, and the commander-in-chief would be able to assert a unilateral dominance both at home and abroad. Today, this plot is coming to fruition. As *Takeover* reveals, the Bush-Cheney administration has succeeded in seizing vast powers for the presidency by throwing off many of the restraints placed upon it by Congress, the courts, and the Constitution. This timely book unveils the secret machinations behind the headlines, explaining the links between warrantless wiretapping and the President Bush's Supreme Court nominees, between the torture debate and the secrecy surrounding Vice President Cheney's energy task force, and between the "faith-based initiative" and the holding of US citizens without trial as "enemy combatants." It tells, for the first time, the full story of a hidden agenda three decades in the making, laying out how a group of true believers set out to establish monarchical executive powers that, in the words of one conservative critic, "will lie around like a loaded weapon" ready to be picked up by any future president. Brilliantly reported and deftly told, *Takeover* is a searing investigation into how the constitutional balance of our democracy is in danger of being permanently altered. For anyone who cares about America's past, present, and future, it is essential reading.

### **Among the Hidden**

NEW YORK TIMES BESTSELLER \* NEW YORK TIMES NOTABLE BOOK OF 2019 \* WINNER OF THE J ANTHONY LUKAS WORK-IN-PROGRESS AWARD \* FINANCIAL TIMES' BEST BOOKS OF 2019 \* NPR FAVORITE BOOKS OF 2019 \* FINALIST FOR THE FINACIAL TIMES/MCKINSEY BUSINESS BOOK OF 2019 \* KIRKUS REVIEWS BEST BOOKS OF 2019 \* SCHOOL LIBRARY JOURNAL BEST BOOKS OF 2019

"Superb...Among the best books ever written about an American corporation."  
—Bryan Burrough, *The New York Times Book Review* Just as Steve Coll told the story of globalization through ExxonMobil and Andrew Ross Sorkin told the story of

## Get Free Rule By Secrecy The Hidden History That Connects The Trilateral Commission The Freemasons And The Great Pyramids

Wall Street excess through Too Big to Fail, Christopher Leonard's *Kochland* uses the extraordinary account of how one of the biggest private companies in the world grew to be that big to tell the story of modern corporate America. The annual revenue of Koch Industries is bigger than that of Goldman Sachs, Facebook, and US Steel combined. Koch is everywhere: from the fertilizers that make our food to the chemicals that make our pipes to the synthetics that make our carpets and diapers to the Wall Street trading in all these commodities. But few people know much about Koch Industries and that's because the billionaire Koch brothers have wanted it that way. For five decades, CEO Charles Koch has kept Koch Industries quietly operating in deepest secrecy, with a view toward very, very long-term profits. He's a genius businessman: patient with earnings, able to learn from his mistakes, determined that his employees develop a reverence for free-market ruthlessness, and a master disrupter. These strategies made him and his brother David together richer than Bill Gates. But there's another side to this story. If you want to understand how we killed the unions in this country, how we widened the income divide, stalled progress on climate change, and how our corporations bought the influence industry, all you have to do is read this book. Seven years in the making, *Kochland* "is a dazzling feat of investigative reporting and epic narrative writing, a tour de force that takes the reader deep inside the rise of a vastly powerful family corporation that has come to influence American workers, markets, elections, and the very ideas debated in our public square. Leonard's work is fair and meticulous, even as it reveals the Kochs as industrial *Citizens Kane* of our time" (Steve Coll, Pulitzer Prize-winning author of *Private Empire*).

### **Above Top Secret**

Ralph Epperson contends that the major events of the past, the revolutions, the wars, the depressions and the revolutions, have been planned years in advance by an international conspiracy. He puts forward his *Conspiratorial View of History*.

### **Anne Frank's Tales from the Secret Annex**

Examines the history of the role of free press in democracy and argues that unrestrained leaking of government secrets in post-9/11 America endangers national security.

### **Because We Say So**

"Shocking in its disclosures, elegantly crafted, and faultlessly measured in its judgments."-Roger Morris, author of *Richard Milhous Nixon and Partners in Power*  
How did the deeply flawed George W. Bush ascend to the highest office in the nation, what forces abetted his rise, and-perhaps most important-were those forces really vanquished by Obama's election? Award-winning investigative journalist Russ Baker gives us the answers in *Family of Secrets*, a compelling and startling new take on the Bush dynasty and the shadowy elite that has quietly steered the American republic for the past half century and more. Baker shows how this network of figures in intelligence, the military, oil, and finance enabled-and in turn benefited handsomely from-the Bushes' perch at the highest levels of government. As Baker reveals, this deeply entrenched elite remains in power

## Get Free Rule By Secrecy The Hidden History That Connects The Trilateral Commission The Freemasons And The Great Pyramids

regardless of who sits in the Oval Office. Family of Secrets offers countless disclosures that challenge the conventional accounts of such central events as the JFK assassination and Watergate. It includes an inside account of George W.'s cynical religious conversion and the untold real background to the disastrous response to Hurricane Katrina. Baker's narrative is gripping, sobering, and deeply sourced. It will change the way we understand not just the Bush years, but a half century of postwar history-and the present.

### **The Party**

In a future where the Population Police enforce the law limiting a family to only two children, Luke, an illegal third child, has lived all his twelve years in isolation and fear on his family's farm in this start to the Shadow Children series from Margaret Peterson Haddix. Luke has never been to school. He's never had a birthday party, or gone to a friend's house for an overnight. In fact, Luke has never had a friend. Luke is one of the shadow children, a third child forbidden by the Population Police. He's lived his entire life in hiding, and now, with a new housing development replacing the woods next to his family's farm, he is no longer even allowed to go outside. Then, one day Luke sees a girl's face in the window of a house where he knows two other children already live. Finally, he's met a shadow child like himself. Jen is willing to risk everything to come out of the shadows—does Luke dare to become involved in her dangerous plan? Can he afford not to?

### **Crossfire**

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

### **The 48 Laws of Power**

The truth begins here Author and award-winning Journalist Jim Marrs has uncovered compelling new evidence regarding extraterrestrials-that alien life forms have not only visited our planet in the past, but are among us right now. Drawing on numerous eyewitness accounts, highly classified CIA reports, and his own meticulous research, Marrs marshals an impressive array of facts to confirm the reality of UFOs--as well as the depth of the government campaign to keep America in the dark. Here is information unavailable in any other single source,

## Get Free Rule By Secrecy The Hidden History That Connects The Trilateral Commission The Freemasons And The Great Pyramids

including: Intriguing insights into the 1947 Roswell crash and the U.S. military's efforts to suppress all public inquiries Detailed accounts of UFO landing sites in South America and of abductions in the U.S. Vivid descriptions of UFOs by Apollo astronauts-in their own words Tantalizing clues to the alien timetable for revealing their plans here And much more!

### **Shakespeare's Secret**

The US government has spent as much time covering up conspiracies as it has helping the American people. In Hidden History, you will see the amount of effort that our government has dedicated over the past fifty years to lying and covering up the truth to the world. Starting with the assassination of President John F. Kennedy, Don Jeffries chronicles a wide variety of issues that have plagued our country's history. Whether it is the assassinations of MLK and RFK, Iran-Contra, the Oklahoma City bombing, TWA Flight 800, voting fraud, or 9/11, every major disaster or war that we've witnessed has somehow been distorted by those who are supposed to be protecting us. Jeffries also delves into extensive research on the death of John F. Kennedy, Jr. - and what he finds will shock you. So whether you've only heard bits and pieces of these stories or you've read several books on the topics, Hidden History is the book that belongs in every conspiracy theorist's library, as the information included here has never been collected together in any other published work available. So sit down, strap in, and get ready to be shocked and awed by how much has been hidden by our government over the past fifty years. Updated for 2016, this version features a new introduction by political insider Roger Stone.

### **Deep State**

America's economy is in shambles . . . Its citizens are terrified and dissatisfied . . . Could it all have been planned by a secret elite one hundred years ago? The New World Order. Hitler referred to it in his diaries. President George H. W. Bush foretold of it in his speeches. Formed by a secretive global elite, the group seeking this new order has taken hold of the nation—and perhaps the world. Its influence pervades every aspect of American society, from the products we buy at the grocery store to the topics of evening news programs. But could it also be true that the New World Order caused one of the greatest financial catastrophes of our time? Bestselling author and legendary conspiracy researcher Jim Marrs has yet again exposed information that the mainstream corporate media has refused to report, unearthing the lies to expose the insidious alliances that make up a secret world. In the explosive *The Trillion-Dollar Conspiracy*, Marrs digs beneath the media noise surrounding the financial bailouts of 2008 and 2009 while exploring the back rooms and shadowy deals of our nation's past to craft a frightening history that no one else is brave enough to tell.

### **Our Occulted History**

What secrets connect Egypt's Great Pyramids, the Freemasons, and the Council on Foreign Relations? In this astonishing book, celebrated journalist Jim Marrs examines the world's most closely guarded secrets, tracing the history of

## Get Free Rule By Secrecy The Hidden History That Connects The Trilateral Commission The Freemasons And The Great Pyramids

clandestine societies and the power they have wielded – from the ancient mysteries to modern-day conspiracy theories. Searching for truth, he uncovers disturbing evidence that the real movers and shakers of the world collude covertly to start and stop wars, manipulate stock markets, maintain class distinctions, and even censor the news. Provocative and utterly compelling, *Rule by Secrecy* offers a singular worldview that may explain who we are, where we came from, and where we are going.

### **Kochland**

A “succinct and well-written” look at how presidents use secrecy to protect the nation, foster diplomacy—and gain power (*The Wall Street Journal*). Ever since the nation’s most important secret meeting—the Constitutional Convention—presidents have struggled to balance open, accountable government with necessary secrecy in military affairs and negotiations. For the first one hundred and twenty years, a culture of open government persisted, but new threats and technology have long since shattered the old bargains. Today, presidents neither protect vital information nor provide the open debate Americans expect. Mary Graham tracks the rise in governmental secrecy that began with surveillance and loyalty programs during Woodrow Wilson’s administration, explores how it developed during the Cold War, and analyzes efforts to reform the secrecy apparatus and restore oversight in the 1970s. Chronicling the expansion of presidential secrecy in the Bush years, Graham explains what presidents and the American people can learn from earlier crises, why the attempts of Congress to rein in stealth activities don’t work, and why presidents cannot hide actions that affect citizens’ rights and values. “Engrossing . . . chilling and fascinating.” —*Publishers Weekly* (starred review)

### **Area 51**

Set aside your preconceptions of the world, of what you've read in your history textbooks, and what you see and hear from the mainstream media. Jim Marrs, award-winning journalist and author of *Alien Agenda* and the *New York Times* bestseller *Crossfire*, is about to change your perspective, as he unmasks the hidden masters of history and religion. In *Rule by Secrecy* Marrs painstakingly examines the world's most closely guarded secrets, tracing the history of secret societies and the power they have wielded, from the ancient mysteries to modern-day conspiracy theories. Searching for truth, he uncovers disturbing evidence that the real movers and shakers of the world collude to start and stop wars, manipulate stock markets and interest rates, maintain class distinctions, and even censor the six o'clock news. And they do this under the auspices of the Council on Foreign Relations, the Trilateral Commission, the Bilderbergers, the CIA, and even the Vatican. According to Marrs, the power of these groups extends as far back as humankind's prehistory. Drawing on historical evidence and his own impeccable research, Marrs clearly traces the mysteries that connect these modern-day secret societies to the Freemasons, the Illuminati, the Knights Templar, and Egypt's Great Pyramids. The result is a masterful synthesis of historical information, much of it long hidden from the public, that sheds light on the people and organizations that rule our lives. Disturbing, thought-provoking, and utterly compelling, *Rule by Secrecy* offers a provocative worldview that may explain who we are, where we

## Get Free Rule By Secrecy The Hidden History That Connects The Trilateral Commission The Freemasons And The Great Pyramids

came from, and where are we going.

### **Socrates Cafe: A Fresh Taste of Philosophy**

The author of "State of the Nation" seeks to determine the main reasons for the failings and frustrations associated with government and offers concrete steps that Americans can take to become politically engaged and to help the United States to improve its performance. 3 tables.

### **Hidden History**

Named after a character in a Shakespeare play, misfit sixth-grader Hero becomes interested in exploring this unusual connection because of a valuable diamond supposedly hidden in her new house, an intriguing neighbor, and the unexpected attention of the most popular boy in school. Reprint. 50,000 first printing.

### **My Secret**

Richard Norton-Taylor reveals the secrets of his forty-year career as a journalist covering the world of spies and their masters in Whitehall. Early in his career, Norton-Taylor successfully campaigned against official secrecy, gaining a reputation inside the Whitehall establishment and the outside world alike for his relentless determination to expose wrongdoing and incompetence. His special targets have always been the security and intelligence agencies and the Ministry of Defence, institutions that often hide behind the cloak of national security to protect themselves from embarrassment and being held to account. Encouraged by his trusted contacts in intelligence agencies and Whitehall departments, Norton-Taylor was among the first of the few journalists consistently to attack the planned invasion of Iraq in 2003 and subsequently covered for the Guardian the devastating evidence of every witness to the Chilcot inquiry. He also enjoyed unique access to a wide array of defence sources, giving him a rare insight into the disputes among top military commanders as they struggled to fight wars in Iraq and Afghanistan with under-resourced and ill-equipped troops. Described by a former senior Intelligence official as a 'long-term thorn in the side of the intelligence establishment', and winner of numerous awards for his journalism, Norton-Taylor is one of the most respected defence and security journalists of his generation. Provocative, and rich in anecdotes, *The State of Secrecy* is an illuminating, critical and, at times, provocative account of the author's experiences investigating the secret world.

### **The Illuminati**

The tenth-anniversary edition of the book that changed lives in profound ways, now with a new foreword and afterword. In 2006, a groundbreaking feature-length film revealed the great mystery of the universe—*The Secret*—and, later that year, Rhonda Byrne followed with a book that became a worldwide bestseller. Fragments of a Great Secret have been found in the oral traditions, in literature, in religions and philosophies throughout the centuries. For the first time, all the pieces of *The Secret* come together in an incredible revelation that will be life-transforming for all

## Get Free Rule By Secrecy The Hidden History That Connects The Trilateral Commission The Freemasons And The Great Pyramids

who experience it. In this book, you'll learn how to use The Secret in every aspect of your life—money, health, relationships, happiness, and in every interaction you have in the world. You'll begin to understand the hidden, untapped power that's within you, and this revelation can bring joy to every aspect of your life. The Secret contains wisdom from modern-day teachers—men and women who have used it to achieve health, wealth, and happiness. By applying the knowledge of The Secret, they bring to light compelling stories of eradicating disease, acquiring massive wealth, overcoming obstacles, and achieving what many would regard as impossible.

### **Family of Secrets**

Exploring the Japanese tradition of hidden (or the secret transmission of) knowledge within a closed and often hereditary group, the author investigates how esoteric practices function, how people make meaning of their practices, and how this form of esotericism survived into the modern age. These questions are examined through the use of esoteric texts from the 15th to 18th centuries and theatrical treatises from the late 19th century onwards.

### **Rule by Secrecy**

In 1889, the first Official Secrets Act was passed, creating offences of 'disclosure of information' and 'breach of official trust'. It limited and monitored what the public could, and should, be told. Since then a culture of secrecy has flourished. As successive governments have been selective about what they choose to share with the public, we have been left with a distorted and incomplete understanding not only of the workings of the state but of our nation's culture and its past. In this important book, Ian Cobain offers a fresh appraisal of some of the key moments in British history since the end of WWII, including: the measures taken to conceal the existence of Bletchley Park and its successor, GCHQ, for three decades; the unreported wars fought during the 1960s and 1970s; the hidden links with terrorist cells during the Troubles; the sometimes opaque workings of the criminal justice system; the state's peacetime surveillance techniques; and the convenient loopholes in the Freedom of Information Act. Drawing on previously unseen material and rigorous research, *The History Thieves* reveals how a complex bureaucratic machine has grown up around the British state, allowing governments to evade accountability and their secrets to be buried.

### **Takeover**

"A bracing, rollicking read about the spark that ignites when people start asking meaningful questions." —O Magazine Christopher Phillips is a man on a mission: to revive the love of questions that Socrates inspired long ago in ancient Athens.

"Like a Johnny Appleseed with a master's degree, Phillips has gallivanted back and forth across America, to cafés and coffee shops, senior centers, assisted-living complexes, prisons, libraries, day-care centers, elementary and high schools, and churches, forming lasting communities of inquiry" (Utne Reader). Phillips not only presents the fundamentals of philosophical thought in this "charming, Philosophy for Dummies-type guide" (USA Today); he also recalls what led him to start his

## Get Free Rule By Secrecy The Hidden History That Connects The Trilateral Commission The Freemasons And The Great Pyramids

itinerant program and re-creates some of the most invigorating sessions, which come to reveal sometimes surprising, often profound reflections on the meaning of love, friendship, work, growing old, and others among Life's Big Questions. "How to Start Your Own Socrates Café" guide included.

### **Rule By Secrecy**

A two-time Pulitzer Prize-winning journalist's investigation of the "deep state." Three-quarters of Americans believe that a group of unelected government and military officials secretly manipulate or direct national policy in the United States. President Trump blames the "deep state" for his impeachment. But what is the American "deep state" and does it really exist? To conservatives, the "deep state" is an ever-growing government bureaucracy, an "administrative state" that relentlessly encroaches on the individual rights of Americans. Liberals fear the "military-industrial complex"—a cabal of generals and defense contractors who they believe routinely push the country into endless wars. Every modern American president—from Carter to Trump—has engaged in power struggles with Congress, the CIA, and the FBI. Every CIA and FBI director has suspected White House aides of members of Congress of leaking secrets for political gain. Frustrated Americans increasingly distrust the politicians, unelected officials, and journalists who they believe unilaterally set the country's political agenda. American democracy faces its biggest crisis of legitimacy in a half century. This sweeping exploration examines the CIA and FBI scandals of the past fifty years—from the Church Committee's exposure of Cold War abuses, to Abscam, to false intelligence about Iraq's weapons of mass destruction, to NSA mass surveillance revealed by Edward Snowden. It then investigates the claims and counterclaims of the Trump era, and the relentless spread of conspiracy theories online and on-air. While Trump says he is the victim of the "deep state," Democrats accuse the president and his allies of running a de facto "deep state" of their own that operates outside official government channels and smears rivals, both real and perceived. The feverish debate over the "deep state" raises core questions about the future of American democracy. Is it possible for career government officials to be politically neutral? Was Congress's impeachment of Donald Trump conducted properly? How vast should the power of a president be? Based on dozens of interviews with career CIA operatives and FBI agents, *In Deep* answers whether the FBI, CIA, or politicians are protecting or abusing the public's trust.

### **The Unseen Hand**

Bestselling author Jim Marrs steps once again to the cutting-edge of research into conspiracies and hidden truths. In *Our Occulted History*, Marrs goes beyond the revelations of his classic *Alien Agenda* and illustrates how human civilization may have originated with non-humans who visited earth eons ago and may still be here today. *Our Occulted History: Do the Global Elite Conceal Ancient Aliens?* is an extensive survey that includes a mass of well-documented scientific and historical texts and sources. It will change the way you view the origins of mankind and the current state of society. No subject is too controversial for Marrs, an award-winning journalist whose other investigative works include *Crossfire: The Plot That Killed Kennedy*, the basis for the Oliver Stone film *JFK*; *Rule by Secrecy*; and *The Trillion-Dollar Conspiracy*.

## **The State of Secrecy**

They insist they are just a group of friends, yet they funnel millions of dollars through tax-free corporations. They claim to disdain politics, but congressmen of both parties describe them as the most influential religious organization in Washington. They say they are not Christians, but simply believers. Behind the scenes at every National Prayer Breakfast since 1953 has been the Family, an elite network dedicated to a religion of power for the powerful. Their goal is "Jesus plus nothing." Their method is backroom diplomacy. The Family is the startling story of how their faith—part free-market fundamentalism, part imperial ambition—has come to be interwoven with the affairs of nations around the world.

## **Population Control**

Throw out everything you think you know about history. Close the approved textbooks, turn off the corporate mass media, and whatever you do, don't believe anything you hear from the government—The Rise of the Fourth Reich reveals the truth about American power. In this explosive new book, the legendary Jim Marrs, author of the underground bestseller Rule by Secrecy, reveals the frighteningly real possibility that today the United States is becoming the Fourth Reich, the continuation of an ideology thought to have been vanquished more than a half century ago. This concept may seem absurd to those who cannot see past the rose-colored spin, hype, and disinformation poured out daily by the media conglomerates—most of which are owned by the very same families and corporations who supported the Nazis before World War II. But as Marrs precisely explains, National Socialism never died, but rather its hideous philosophy is alive and active in modern America. Unfortunately, most people cannot understand the shadowy links between fascism and corporate power, the military, and our elected leaders. While the United States helped defeat the Germans in World War II, we failed to defeat the Nazis. At the end of the war, ranking Nazis, along with their young and fanatical protégés, used the loot of Europe to create corporate front companies in many countries, including the United States of America. Utilizing their stolen wealth, men with Nazi backgrounds and mentalities wormed their way into corporate America, slowly buying up and consolidating companies into giant multinational conglomerates. Many thousands of other Nazis came to the United States under classified programs such as Project Paperclip. They brought with them miraculous weapon technology that helped win the space race but they also brought their insidious Nazi philosophy within our borders. This ideology based on the authoritarian premise that the end justifies the means—including unprovoked wars of aggression and curtailment of individual liberties—has gained an iron hold in the "land of the free and the home of the brave." For the first time Jim Marrs has gathered compelling evidence that an effort has been underway for the past sixty years to bring a form of National Socialism to modern America, creating in essence a modern empire—or "Fourth Reich"!

## **The History Thieves**

"As gripping as a good thriller." --The Washington Post Unpack the science of secrecy and discover the methods behind cryptography--the encoding and

### **In Deep: The FBI, the CIA, and the Truth about America's "Deep State"**

The emergence of severe acute respiratory syndrome (SARS) in late 2002 and 2003 challenged the global public health community to confront a novel epidemic that spread rapidly from its origins in southern China until it had reached more than 25 other countries within a matter of months. In addition to the number of patients infected with the SARS virus, the disease had profound economic and political repercussions in many of the affected regions. Recent reports of isolated new SARS cases and a fear that the disease could reemerge and spread have put public health officials on high alert for any indications of possible new outbreaks. This report examines the response to SARS by public health systems in individual countries, the biology of the SARS coronavirus and related coronaviruses in animals, the economic and political fallout of the SARS epidemic, quarantine law and other public health measures that apply to combating infectious diseases, and the role of international organizations and scientific cooperation in halting the spread of SARS. The report provides an illuminating survey of findings from the epidemic, along with an assessment of what might be needed in order to contain any future outbreaks of SARS or other emerging infections.

### **Necessary Secrets: National Security, the Media, and the Rule of Law**

Jim Marrs can justifiably be considered the world's leading conspiracy author, with multimillion bestsellers like Alien Agenda, Rule by Secrecy, and the book that Oliver Stone used as a basis for his JFK movie, Crossfire: The Plot That Killed Kennedy. Now Marrs has allied with the web's most popular conspiracy forum to investigate everything from chemtrails to the Nazis' Antarctic base, moon landing hoaxes to UFOs, God as an alien to the end of the world in 2012. AboveTopSecret.com is the Internet's largest and most popular discussion board community, with more than twelve million page views per month. It is dedicated to the intelligent exchange of ideas and debate on a wide range of "alternative

### **The Family**

From the food we eat, the water we drink to the air we breathe, everything these days seems capable of killing us. Recently we have seen an unprecedented number of deaths due to medications for diseases that may not even exist, obscure cancers caused by our modern devices, and brutal police tactics. All a coincidence? Think again. In *Population Control*, acclaimed journalist Jim Marris lays out a stunning case for his most audacious conspiracy yet: the scheme concocted by a handful of global elites to reduce the world’s population to 500 million by whatever means necessary and make a profit from it. Marris, the bestselling author of *Rule by Secrecy* and *The Trillion Dollar Conspiracy*, pulls no punches in exposing this evil and chillingly effective plan. He explains how a small group of tremendously wealthy and powerful people control virtually every important industry – guns, oil, pharmaceuticals, food, and of course the media – and how it uses this vast network of conglomerates to take actions that lead to the deaths of men and women all over the world. In the explosive *Population Control*, Marris lays bare the damning truths corporate owners don’t want you to discover: how they’ve spied on private citizens, intentionally spread disease, and destroyed the planet chasing profits, all to improve the lives of a privileged few while eliminating everyone else. Finally, he offers a citizen’s blueprint for fighting back.

### **The Rise of the Fourth Reich**

The shocking truth about the government’s secret plans to survive a catastrophic attack on US soil—even if the rest of us die—is “a frightening eye-opener” (Kirkus Reviews) that spans the dawn of the nuclear age to today, and “contains everything one could possibly want to know” (The Wall Street Journal). Every day in Washington, DC, the blue-and-gold first Helicopter Squadron, codenamed “MUSSEL,” flies over the Potomac River. As obvious as the Presidential motorcade, most people assume the squadron is a travel perk for VIPs. They’re only half right: while the helicopters do provide transport, the unit exists to evacuate high-ranking officials in the event of a terrorist or nuclear attack on the capital. In the event of an attack, select officials would be whisked by helicopters to a ring of secret bunkers around Washington, even as ordinary citizens were left to fend for themselves. “In exploring the incredible lengths (and depths) that successive administrations have gone to in planning for the aftermath of a nuclear assault,

Graff deftly weaves a tale of secrecy and paranoia" (The New York Times Book Review) with details "that read like they've been ripped from the pages of a pulp spy novel" (Vice). For more than sixty years, the US government has been developing secret Doomsday strategies to protect itself, and the multibillion-dollar Continuity of Government (COG) program takes numerous forms—from its potential to evacuate the Liberty Bell from Philadelphia to the plans to launch nuclear missiles from a Boeing-747 jet flying high over Nebraska. Garrett M. Graff sheds light on the inner workings of the 650-acre compound, called Raven Rock, just miles from Camp David, as well as dozens of other bunkers the government built for its top leaders during the Cold War, from the White House lawn to Cheyenne Mountain in Colorado to Palm Beach, Florida, and the secret plans that would have kicked in after a Cold War nuclear attack to round up foreigners and dissidents and nationalize industries. Equal parts a presidential, military, and cultural history, Raven Rock tracks the evolution of the government plan and the threats of global war from the dawn of the nuclear era through the War on Terror.

### **Alien Agenda**

"Few outsiders have any realistic sense of the innards, motives, rivalries, and fears of the Chinese Communist leadership. But we all know much more than before, thanks to Richard McGregor's illuminating and richly-textured look at the people in charge of China's political machinery. Invaluable." — James Fallows, National Correspondent for The Atlantic The Party is Financial Times reporter Richard McGregor's eye-opening investigation into China's Communist Party, and the integral role it has played in the country's rise as a global superpower and rival to the United States. Many books have examined China's economic rise, human rights record, turbulent history, and relations with the U.S.; none until now, however, have tackled the issue central to understanding all of these issues: how the ruling communist government works. The Party delves deeply into China's secretive political machine.

### **The Code Book: The Secrets Behind Codebreaking**

A collection of the author's lesser-known writings includes stories, personal reminiscences, previously deleted excerpts from her diary, and an unfinished novel composed while she was hidden from the Nazis.

### **The Trillion-Dollar Conspiracy**

Islamic civilization was once the envy of the world. From a succession of glittering, cosmopolitan capitals, Islamic empires lorded it over the Middle East, North Africa, Central Asia and swathes of the Indian subcontinent, while Europe cowered feebly at the margins. For centuries the caliphate was both ascendant on the battlefield and triumphant in the battle of ideas, its cities unrivaled powerhouses of artistic grandeur, commercial power, spiritual sanctity, and forward-looking thinking, in which nothing was off limits. Islamic Empires is a history of this rich and diverse civilization told through its greatest cities over the fifteen centuries of Islam, from its earliest beginnings in Mecca in the seventh century to the astonishing rise of Doha in the twenty-first. Marozzi brilliantly connects the defining moments in

Islamic history: from the Prophet Mohammed receiving his divine revelations in Mecca and the First Crusade of 1099 to the conquest of Constantinople in 1453 and the phenomenal creation of the merchant republic of Beirut in the nineteenth century, and how this world is continuing to change today.

### **The Devil's Chessboard**

Area 51 It is the most famous military installation in the world. And it doesn't exist. Located a mere seventy-five miles outside of Las Vegas in Nevada's desert, the base has never been acknowledged by the U.S. government—but Area 51 has captivated imaginations for decades. Myths and hypotheses about Area 51 have long abounded, thanks to the intense secrecy enveloping it. Some claim it is home to aliens, underground tunnel systems, and nuclear facilities. Others believe that the lunar landing itself was filmed there. The prevalence of these rumors stems from the fact that no credible insider has ever divulged the truth about his time inside the base. Until now. Annie Jacobsen had exclusive access to nineteen men who served the base proudly and secretly for decades and are now aged 75-92, and unprecedented access to fifty-five additional military and intelligence personnel, scientists, pilots, and engineers linked to the secret base, thirty-two of whom lived and worked there for extended periods. In Area 51, Jacobsen shows us what has really gone on in the Nevada desert, from testing nuclear weapons to building super-secret, supersonic jets to pursuing the War on Terror. This is the first book based on interviews with eye witnesses to Area 51 history, which makes it the seminal work on the subject. Filled with formerly classified information that has never been accurately decoded for the public, Area 51 weaves the mysterious activities of the top-secret base into a gripping narrative, showing that facts are often more fantastic than fiction, especially when the distinction is almost impossible to make.

### **The Secret**

A deep dive into the origins, history, members, and workings of the Illuminati from a well-known and respected expert. Chilling initiations. Big banks and money manipulations. Possible links to the Rockefellers, Rothschilds, Adamses, and Bushes. Reviewing the evidence, documents, and connections, *The Illuminati: The Secret Society That Hijacked the World* by award-winning journalist and author Jim Marrs shines a light on the history, workings, continuing influence, and pernicious and hidden power of this secret order. Surveying experts—from those who dismiss the Illuminati as a short-lived group of little consequence to skeptics who dare question the government's accounts and pronouncements—Marrs cuts through the wild speculation and the attempts to silence critical thinkers to tell the true story of this secret cabal. Gnosticism, mystery schools, the Roshaniya, Knights Templar, assassins, Rosicrucians, Skull and Bones, Knights of Malta, whistle blowers, the revolutions in France, Russia, and America, and the structure, symbols, and theology of the Illuminati are all covered. Marrs takes a broad look at the group and their workings, investigating their origin as “The Ancient and Illuminated Seers of Bavaria,” the depiction on the United States one-dollar bill of an all-seeing eye and pyramid on the reverse of the Great Seal of the United States, and the Protocols—or procedures—for usurping national governments and gaining world domination, as well as the Illuminati symbolism found in today's international

corporate logos. Wealth, power, and intrigue come together in this in-depth exposé on the Illuminati, their history, connections to influential people, and their place in modern America. The Illuminati lifts the cloaks of secrecy protecting the powerful.

### **Learning from SARS**

Analyzes a series of public domain documents which demonstrate how the government has misled the public, engaging in deception about the objectives and scope of some of its programs and perpetuating wasteful spending and harmful cover-ups.

### **Raven Rock**

An explosive, headline-making portrait of Allen Dulles, the man who transformed the CIA into the most powerful—and secretive—colossus in Washington, from the founder of Salon.com and author of the New York Times bestseller *Brothers*. America's greatest untold story: the United States' rise to world dominance under the guile of Allen Welsh Dulles, the longest-serving director of the CIA. Drawing on revelatory new materials—including newly discovered U.S. government documents, U.S. and European intelligence sources, the personal correspondence and journals of Allen Dulles's wife and mistress, and exclusive interviews with the children of prominent CIA officials—Talbot reveals the underside of one of America's most powerful and influential figures. Dulles's decade as the director of the CIA—which he used to further his public and private agendas—were dark times in American politics. Calling himself “the secretary of state of unfriendly countries,” Dulles saw himself as above the elected law, manipulating and subverting American presidents in the pursuit of his personal interests and those of the wealthy elite he counted as his friends and clients—colluding with Nazi-controlled cartels, German war criminals, and Mafiosi in the process. Targeting foreign leaders for assassination and overthrowing nationalist governments not in line with his political aims, Dulles employed those same tactics to further his goals at home, Talbot charges, offering shocking new evidence in the assassination of President John F. Kennedy. An exposé of American power that is as disturbing as it is timely, *The Devil's Chessboard* is a provocative and gripping story of the rise of the national security state—and the battle for America's soul.
