The Sandman and the Turtles

A spellbinding tale of survival and self-discovery from award-winning author Michael Morpurgo, who is poised for breakthrough U.S. success. When Michael's father loses his job, he buys a boat and convinces Michael and his mother to sail around the world. It's an ideal trip - even Michael's sheepdog can come along. It starts out as the perfect family adventure - until Michael is swept overboard. He's washed up on an island, where he struggles to survive. Then he

discovers that he's not alone. His fellow-castaway, Kensuke, is wary of him. But when Michael's life is threatened, Kensuke slowly lets the boy into his world. The two develop a close understanding in this remote place, but the question of rescue continues to divide them.

The Pirates Next Door

Games So Fun Kids Won't Realize They're Learning Teaching kids to read has never been easier, thanks to these 60 incredible hands-on activities. Help your child master their ABCs, practice spelling three-, four- and even five-letter words and write their very own sentences, all while they draw with crayons, sculpt with playdough and build with building blocks! Heather McAvan has spent over a decade teaching children to read—both in the classroom, at home and online—and is an absolute genius at creating reading and writing games that are quick to set up, easy to follow and above all, an adventure for kids. This book is perfect for children in any stage of their reading journey, whether they've had some practice or are just beginning. Activities start with the basics and work up from there so kids can gradually build upon each new skill. And with Heather's lessons incorporating the toys, games and art projects children love, they'll spend the afternoon playing, nearly forgetting they're learning one of life's most important skills. Help your child practice letter sounds with fun Bubble Wrap! Pop a few bubbles and see if they can pronounce the letters underneath. Graduate to spelling games and compete head-to-head in a

round of word dominoes. Hone their reading skills with a game of Twister! Get the whole family involved and laugh the day away as you challenge each other to read out the words on each dot. With activities that are hands-on and engaging, children will have a blast while learning a life-long skill.

The Monster Crisp-Guzzler

Despite his parents' protests, Billy wants nothing for his birthday but a very special bucket and all goes well until the bucket is borrowed without his permission.

I Can't Believe You Said That!

A bright, science-minded boy goes to the beach equipped to collect and examine flotsam--anything floating that has been washed ashore. Bottles, lost toys, small objects of every description are among his usual finds. But there's no way he could have prepared for one particular discovery: a barnacle-encrusted underwater camera, with its own secrets to share . . . and to keep. Each of David Wiesner's amazing picture books has revealed the magical possibilities of some ordinary thing or happening--a frog on a lily pad, a trip to the Empire State Building, a well-known nursery tale. In this Caldecott Medal winner, a day at the beach is the springboard into a wildly imaginative exploration of the mysteries of the deep, and of the qualities that enable us to witness these wonders and delight in them.

Where's the Unicorn Now?

A humorous seaside story about an unusual friendship told in rhythmic verse. Now in a classic board book format with a fresh cover design. When Crab finds a new shell, he doesn't want to share it with anyone - especially not a blobby purple anemone and a tickly bristleworm. But life in the rock pool proves tougher than Crab thinks and he soon finds he needs his new housemates. *Sharing a Shell* is a charming underwater tale of friendship and fun from the stellar picture book partnership of Julia Donaldson and Lydia Monks, creators of *What the Ladybird Heard*. With brilliant rhythmic verse, bright and distinctive illustrations and a gorgeously glittery cover, this is a firm favourite with children and parents alike.

The Storm Whale

After the phenomenal success of *The Storm Whale* and *On Sudden Hill*, this new book by Benji Davies deals with the emotional topic of losing a grandparent. Subtly told, this beautifully illustrated book tackles a difficult subject with great sensitivity and depth. At the bottom of Syd's garden, through the gate and past the tree, is Grandad's house. Syd can let himself in any time he likes. But one day when Syd comes to call, Grandad isn't in any of the usual places. He's in the attic, where he ushers Syd through a door, and the two of them journey to a wild, beautiful island awash in color where Grandad decides he will remain. So Syd hugs Grandad one last time and sets sail for home. Visiting Grandad's house

at the bottom of the garden again, he finds it just the same as it's always been — except that Grandad isn't there anymore. Sure to provide comfort to young children struggling to understand loss, Benji Davies's tale is a sensitive and beautiful reminder that our loved ones live on in our memories long after they're gone. Praise for Grandad's Island: 'Davies's elegantly rough illustrations, evoking a child's paintings, tap into the imagination of death with little fuss, and his story declines to offer kids instruction on how to feel. Indeed, Grandad's Island doesn't mention death at all, but is deeply in touch with the ways in which loss and abundance commingle in the mind, correcting and assuaging each other.' The New York Times Book Review 'The creator of The Storm Whale (2014) offers another thoughtful picture book guaranteed to spark discussionRecommend to young families dealing with loss, especially those who prefer to gloss over the scientific realities.' Booklist Online 'As with The Storm Whale, Davies offers a story of loneliness and togetherness distinguished by understated, deeply felt emotions and a nautical milieu.' Publishers Weekly 'This book is innovative and useful as a way to talk about the idea of loss—without ever referring to actual death. Parents and educators can use this to talk with a child about how it's normal to be sad and miss loved onesCheerful, brightly colored illustrations make this a fine choice to use with the youngest of audiences. Since death isn't directly specified, this title also works for when a child's loved one is moving far away. An excellent vehicle to gently approach the topic of loss. Recommended for collections needing these types of materials.' School Library Journal 'Grandad's Island by British author-illustrator Benji

Davies (The Storm Whale; Bizzy Bear series) celebrates a close grandfather-grandson relationship with warmth and style. Whether it's read as a picture book about love, loss or just missing someone who isn't around anymore, it's a charmer. Cheerful cinematic spreads invite young readers into all sorts of intriguing places, from a cozy attic full of curiosities like a turtle teapot, to a vast ship's deck, to the deep jungle of an island paradise.' Shelf Awareness for Readers 'A resonant, layered tale that will only gain in texture as its readers get older.' USA Today
