Jeani Rector and the Horror Zine have compiled another classic anthology of unsettling and stomach-churning tales in the tradition of Pan Books or Weird Tales, and introduced us to a motley band of new horror talent, some of whom will no doubt become household names in the genre in time. This unrepentant volume reminds us why the small press is such a force in dark literature. "The Horror Zine is the true home of today's visceral, organic horror, and the stories in SHRIEKS AND SHIVERS reflect the courage and imagination with which Jeani Rector has

sustained this genre for the past six years. Be prepared to encounter the grue in gruesome, not only brought to you by some very experienced butchers but by some fearless and inspired new dabblers in blood, entrails and other things too horrifying to mention." - Graham Masterton, author of Plague of the Manitou "A potent witch's brew of horror veterans spiced with succulent new blood." - Scott Nicholson, author of The Red Church "The stories in SHRIEKS AND SHIVERS is like a sampling from the weird, visceral darkness of the collective mind. Some of the authors are old friends, reliably creepy friends who deliver exactly what you want. What might surprise the reader is the number of new writers to devour. And there are angles on the human condition from which you never thought to look-and perhaps should not have. Endlessly creative takes on zombies, paranoia, and the monsters within. You'll read this collection long into the night. You might want to fall asleep with the lights on." - Susie Moloney, author of The Thirteen "Jeani Rector has the experience to know horror inside and out. She picks only the best of today's writers for her anthologies. I can easily see some of her hand-picked talent carrying horror into the next decade." - D. W. Jones, Editor, Blood Moon Rising Magazine "A perfect storm of a horror anthology-dread thundering through the stories, lightning flashes of terror, a hurricane of visceral thrills." - Simon Clark, author of The Night of the Triffids "There are some really good short stories in this collection. Some eerie. Some disturbing. Some I wish were true: I'd probably find the freak tent to see Hercules in a tank of honey." - Cetywa Powell, Editor/Publisher, Underground Voices Magazine

love, and death in the imaginary city of Ambergris- previously chronicled in Jeff VanderMeer's acclaimed City of Saints & Madmen-Shriek: An Afterword relates the scandalous, heartbreaking, and horrifying secret history of two squabbling siblings and their confidantes, protectors, and enemies. Narrated with flamboyant intensity and under increasingly urgent conditions by ex-society figure Janice Shriek, this afterword presents a vivid gallery of characters and events, emphasizing the adventures of Janice's brother Duncan, a historian obsessed with a doomed love affair and a secret that may kill or transform him; a war between rival publishing houses that will change Ambergris forever; and the gray caps, a marginalized people armed with advanced fungal technologies who have been waiting underground for their chance to mold the future of the city. Part academic treatise, part tell-all biography, after this introduction to the Family Shriek, you'll never look at history in quite the same way again. In this propulsive locked-room thriller debut, a reunion weekend in the French Alps turns deadly when five friends discover that someone has deliberately stranded them at their remote mountaintop resort during a snowstorm. When Milla accepts an off-season invitation to Le Rocher, a cozy ski resort in the French Alps, she's expecting an intimate weekend of catching up with four old friends. It might have been a decade since she saw them last, but she's never forgotten the bond they forged on this very mountain during a winter spent fiercely training for an elite snowboarding competition. Yet no sooner do Milla and

the others arrive for the reunion than they realize something is horribly wrong. The resort is deserted. The cable cars that delivered them to the mountaintop have stopped working. Their cell phones--missing. And inside the hotel, detailed instructions await them: an icebreaker game, designed to draw out their secrets. A game meant to remind them of Saskia, the enigmatic sixth member of their group, who vanished the morning of the competition years before and has long been presumed dead. Stranded in the resort, Milla's not sure what's worse: the increasingly sinister things happening around her or the looming snowstorm that's making escape even more impossible. All she knows is that there's no one on the mountain she can trust. Because someone has gathered them there to find out the truth about Saskia someone who will stop at nothing to get answers. And if Milla's not careful, she could be the next to disappear
