Nonforeign Area Cost-of-Living Allowance Rates - Puerto Rico and Hawaii County (US Office of Personnel Management Regulation) (OPM) (2018 Edition) The Law Library presents the complete text of the Nonforeign Area Cost-of-Living Allowance Rates - Puerto Rico and Hawaii County (US Office of Personnel Management Regulation) (OPM) (2018 Edition). Updated as of May 29, 2018 The Office of Personnel Management (OPM) is changing the cost-of-living allowance (COLA)

rates received by certain white-collar Federal and U.S. Postal Service employees in Puerto Rico and Hawaii County, HI. The changes are the result of interim adjustments OPM calculated based on relative Consumer Price Index differences between the cost-of-living allowance areas and the Washington, DC, area. OPM is also making an additional one-time adjustment to the Puerto Rico COLA rate based on the impact of the new sales tax in Puerto Rico. This regulation increases the COLA rate for Puerto Rico to 13 percent and the COLA rate for Hawaii County, HI, to 18 percent. This book contains: - The complete text of the Nonforeign Area Cost-of-Living Allowance Rates - Puerto Rico and Hawaii County (US Office of Personnel Management Regulation) (OPM) (2018 Edition) - A table of contents with the page number of each section

Metaphysics is one of the traditional four main branches of philosophy, alongside ethics, logic and epistemology. It is also an area that continues to attract and hold a fascination for many people yet it is associated with being complex and abstract. For some it is associated with the mystical or religious. For others it is known through the metaphysical poets who talk of love and spirituality. This Very Short Introduction goes right to the heart of the matter, getting to the basic and most important questions of metaphysical thought in order to understand the theory: What are objects? Do colours and shapes have some form of existence? What is it for one thing to cause another rather than just being associated with it? What is

possible? Does time pass? By using these questions to initiate thought about the basic issues around substance, properties, changes, causes, possibilities, time, personal identity, nothingness and emergentism, Stephen Mumford provides a clear and simple path through this analytical tradition at the core of philosophical thought. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

You can count on Rick Steves to tell you what you really need to know when traveling in Normandy. Rick Steves and Steve Smith cover the essentials of Normandy, including Rouen, Honfleur, Bayeux, Mont St. Michel, and Dinan. Visit the Big Clock in Rouen that dates back to the Renaissance, or cross the causeway towards Mont St. Michel. You'll get Rick's firsthand advice on the best sights, eating, sleeping, and nightlife, and the maps and self-guided tours will ensure you make the most of your experience. More than just reviews and directions, a Rick Steves Snapshot guide is a tour guide in your pocket. Rick Steves Snapshot guides consist of excerpted chapters from Rick Steves European country guidebooks. Snapshot guides are a great choice for travelers visiting a specific city or region, rather than multiple European destinations. These slim guides offer all of Rick's up-to-date advice on what sights are worth your time and money. They include good-value hotel and restaurant recommendations, with no introductory information (such as overall trip planning, when to go, and travel practicalities).

The staff of Psi-Mechs, Inc. has seen better days. Although they defeated the worm monster, it left them unprepared for

Mavet's assault on their Alaskan base, and the company was devastated, with most of its members killed, and its owner, Katherine Grimm, captured by the god-vampire. Like the phoenix, though, the company has risen from the ashes of its demise under the guidance of Katharine's son, Donald, and the telekinetic, Ringer. New mechs have been built, and new pilots recruited to operate them. New psychic talent has been found. And Psi-Mechs, Inc. is now the proud owner of the best aircraft on the planet, courtesy of their resident tele-mechanic, Hank. But Mavet has been busy, too. In addition to the multitude of vampires he has always controlled, alongside him now are legions of zombie-creating dark mages and a demon from the very depths of hell. All of them are bent on destroying Psi-Mechs, Inc. once and for all, and bringing their dark god, Non, to life. Time is short for Psi-Mechs, Inc.'s pilots and psychics. They must recover Katherine Grimm and then find and stop Mavet before he ends the world—something they've never been able to do, even when they were at full strength. When faced with the end of the world, though, what other choice do they have?
