## **Shadow Walker**

The Darkness descends with the arrival of the Armageddon in the tenth novel of L. A. Banks's bestselling Vampire Huntress Legend series. After the battle at Masada, the Neteru team returns to San Diego believing forty-thousand demons had been eradicated and that Lilith's spawn has been killed. But somehow the treacherous little creature got away. Just as had been prophesized at the dawn of the Armageddon, the anti-Christ has been born and will soon rise to power. Rewarded for her creation, Lilith is given the daylight bite and power to make Councilmen day-walkers. Having Fallon Nuit and Sebastian able to withstand sunlight is a huge problem, especially when they are adding new master vampires at recordbreaking levels. Meanwhile the dark realms are healing and adding to what had previously been wiped out—feeding off the dark energy of the newly created anti-christ who is only waiting to emerge.

## **The Rest Falls Away**

With the death of the Chairman of the Vampire Council and the rise of the seventh level of Hell, Damali is confronted by her ultimate challenge, a once banished entity with the power to stop a Neteru. Reprint.

The final story in the now cult favorite Vampire Huntress series. The entire Neteru Guardian team is on the run, having now been labeled as America's most-wanted terrorists following the gruesome demon battle that felled the Washington Monument and crashed the front doors of the White House. The Anti-Christ is positioned for emergence, the powers of darkness have released the pale horse of the apocalypse, and half the Neteru team is pregnant. Plagues from hell that ravage the country are being cited as stemming from bio-terrorism. The nation is under martial law. The Neterus and their team are underground. If things weren't bad enough the Dark Realm breaks the sixth Biblical seal, which plunges the world into perpetual darkness and irrevocably into the Armageddon.
