Thoroughly investigated by a former Army officer and taken from his review of hundreds of historical and government documents and in-person interviews, this book chronicles more than 100 sightings, events, and discoveries of alien encounters, government conspiracy, and the influence of extraterrestrials on human events throughout history. From prehistoric UFO sightings, cave paintings, and ancient astronauts to modern sightings around the world, this book investigates claims of aliens living among us, abductions of humans to alien spacecraft, and accounts of interstellar cooperation since the UFO crash in Roswell, along with evidence of what the government knows and what it has covered up. This discussion of the government secrets, theories, and mysteries surrounding aliens is packed with thought-provoking stories and shocking revelations of alien involvement in the lives of Earthlings.

Have you ever wanted to see a UFO? It's simple. This book will get you on the ground fast, with everything you need to know to help you see a UFO in six outings. There are three ingredients for contact: 1. Connection to One Mind Consciousness. 2. A Sincere Heart. 3. Clear Intent. Any more questions? The answers are all here! how and where to make contact; what to bring and what equipment to use; what you will experience; how to document footage of encounters, and how to discern between what's "explainable" and what's "undeniable," and much more. Also included in this book are meditations that you can read in the field that help to create the right atmosphere for contact. The meditations come from experienced people all over the world. Dr. Greer's Vision of a New World will help you access feelings of universal peace and a sense of wonder for the positive changes to come to planet Earth. Kosta Makreas' Global CE-5 Initiative Meditation will cultivate coherence with people in your contact group and with other seekers the world over, fuelling your passion for this mission of peace and harmony. Or, read James Gilliland's Healing Negative Influences to clear your energy, shed negativity, and become more receptive to both external and intuitive contact. This book is a complete resource: History of the UFO seekers movement Tips and techniques How to pick a location How to navigate the night

sky Imperative information about laser pointers Equipment and app recommendations What communication is like How to objectively discern sightings Where you can find a UFO contact retreat Links to social networks like "ET Let's Talk" Troubleshooting Overcoming fears Extensive glossary The authors attest that if you follow the easy instructions in this handbook, you will have a sighting within six outings. You already have everything you need to make contact. This book will help you get there faster.

The principle of Electrogravitics is itself easy to describe: A lot of voltage, interrupted, causes movement. In the 1870's a flying machine quite unlike any present one was conceived an aerial machine devoid of sustaining planes, ailerons, propellers, and other external attachments capable of immense speeds and inended to furnish powerful arguments for peace. This craft was not only conceived, it was built. Many people have seen this craft; it is a secret no longer. How do the strange lights in the sky move at such awesome speeds performing such maneuvers that seem to defy the laws of physics? The principle that enables these craft, as well as the TR-3B & the B-2, to fly at such supernatural speeds is revealed here: How to tap into the hidden forces of the atom while neutralizing gravity & inertia.

Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to "talk" due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of

thorough research. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las Vegas. "The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City. "Like it or not, everything is changing. The result will be the most wonderful experiance in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands." -- William Cooper, October 24, 1989.

Secrets and Suppressed Evidence. Coincidences or Lies? Sifting through hundreds of historical and government documents, interviewing multitudes of participants, and tracking countless number of leads, a former army officer, trained as an intelligence officer, presents a case for government incompetence and, potentially, malfeasance. Shining a harsh light on the government and its secrets, *The Government UFO Files: The Conspiracy of Cover-Up* investigates what the government knows about encounters with UFOs, alien life, and mysterious activities. The government has long collected information and assembled files on unidentified objects, extraterrestrial encounters, and strange convergences in the skies, but with new government secrets constantly being revealed (including finally

admitting the existence of Area 51) is it too much to believe that it is hiding important information on close encounters, UFOs, and alien life? Nearly 100 sightings and other occurrences are thoroughly examined. Suppressed evidence, hidden plots, cover-ups, misleading statements, and documented connections to government intrigue are all addressed. It sorts through the information, sources, and it lets you decide whether the government is being deliberately misleading or whether the conspiracy theories have gotten out of control.

### **The Field Guide to Extraterrestrials**

Imagine . . . you're in the woods after dark. Eerie green lights appear in the distance. Then there's a sudden flash and everything is dark again. You decide to take a closer look. You come upon a saucer-shaped craft hovering silently just above the ground. You reach out to touch it, but the object suddenly shoots up into the sky. Have you just seen a UFO? Some people say they have had experiences like this. Are they telling the truth? To find out, Kelly Milner Halls investigated stories of eyewitnesses from around the world. She explored UFO sightings, landings, crashes, aliens, and even a few hoaxes. She also interviewed several of the world's UFO experts. Examine her findings and decide for yourself whether visitors from other worlds are real.

### **The UFO Files**

Unmasking the mysteries of alien life on earth! Make mention of the word “alien” and it conjures images of black-eyed, large-headed, dwarfish beings that have come to be known as the Greys. Indeed, Greys have become a staple part of pop-culture, never mind just the field of UFO research. They’ve appeared in Steven Spielberg’s classic 1977 movie, Close Encounters of the Third Kind. They regularly popped up in The X-Files. And, of course, there are numerous people – all across the world – who claim to have been abducted by the Greys and subjected to intrusive medical experiments. Yet, before the 1950s, the Greys were nowhere in sight. The Alien Book: A Guide to Extraterrestrial Beings on Earth shows that extraterrestrial life comes in all kinds, appearances, sizes, and bodies. They all have one thing in common, however: the human race has encountered them, and we continue to do so today. Not just dozens, or even hundreds, but thousands of eyewitness experiences have been reported. Covering hundreds of extraterrestrial life forms in more than 40 thematic chapters, this absorbing look at the mysteries of aliens on earth includes the Space Brothers: long-haired, very human-looking ETs the fiendish Reptilians: seven-to-eight-foot-tall predatory shapeshifters Men in Black beings: extremely pale-skinned, tall, and with huge eyes Black-eyed Children: anemic-looking kids with solid black eyes that might be ET-human hybrids Bigfoot the werewolf-like Dogmen jellyfish-style aliens that soar around the skies of our world the Shadow People: dangerous humanoids that terrorize people

legendary Nephilim space-vampires: insect-like aliens that resemble a giant praying mantis and many, many more! The Alien Book investigates the full range of sentient, alien life forms. Some are benign and others downright deadly. Some are small, like a germ or virus that has NASA, creating guidelines to deal with an outbreak of an extraterrestrial germ. Some are big like a giant praying mantis or the biblical Goliath. They all lurk on Earth and in this chilling book! With more than 120 photos and graphics, this tome is richly illustrated. Its helpful bibliography and extensive index add to its usefulness.

the most interesting subjects in our world, mainly because they challenge the very sense of reality that most of us grew up with. These things aren't supposed to exist. The problem, however, is that reports of them just keep coming, even well into the 21st century. Conducting a good investigation of these elusive subjects is not easy. How do you plan your investigation? What's the best way to interview your witnesses? What kind of equipment should you bring? What kind of clothing? How do you do a proper stake-out of a location? What safety precautions should you take? How do you obtain, handle, and preserve evidence? How do you document your case for posterity, so that others can learn from it? Also, what kind of strangeness should you expect from investigating these very odd encounters? What do you need to know? How can you prepare for something that exists at the edges of our shared reality?The purpose of this book is to teach you these things. Until now, there hasn't been a clearly written general guide for investigators of the weird, whether seasoned or brand-new. This is the first-ever field manual that will show you how to investigate UFOs, strange creatures, and the paranormal, and to do it in a professional manner.

National Book Award winner M. T. Anderson returns to future Earth in a sharply wrought satire of art and truth in the midst of colonization. When the vuvv first landed, it came as a surprise to aspiring artist Adam and the rest of planet Earth — but not necessarily an unwelcome one. Can it really be called an invasion when the vuvv generously offered free advanced technology and cures for every illness imaginable? As it turns out, yes. With his parents' jobs replaced by alien tech and no money for food, clean water, or the vuvv's miraculous medicine, Adam and his girlfriend, Chloe, have to get creative to survive. And since the vuvv crave anything they deem classic Earth culture (doo-wop music, still life paintings of fruit, true love), recording 1950s-style dates for the vuvv to watch in a pay-per-minute format seems like a brilliant idea. But it's hard for Adam and Chloe to sell true love when they hate each other more with every passing episode. Soon enough, Adam must decide how far he's willing to go — and what he's willing to sacrifice — to give the vuvv what they want.

around the world - began to whisper amongst themselves about encounters with suspected extraterrestrial aircraft. During secret debriefings at U.S. bases, pilots and air crew told their commanders of seeing strange lights at night and in the daylight, groups of saucer- or cigar-shaped craft that easily paced them just a few yards off their plane's wingtip. Award-winning investigative reporter John Guerra spent four years interviewing Filer, a decorated intelligence officer. From objects in the skies over Cold War Europe to a UFO overflight during the Cuban Missile Crisis to strange lights over the DMZ during the Tet Offensive, Filer leaves nothing out about his Air Force UFO encounters, providing Guerra all the amazing details of his six decades investigating extraterrestrials and their craft. Filer's most memorable case - the shooting of an alien at Fort Dix Army Base in 1978 - is fully recounted for the first time in this book. Filer - who readers have seen on countless UFO documentaries - is also a member of the Disclosure Project, the famous panel of military experts, astronauts, and scientists that urges the U.S. government to release all it knows about UFOs to the public. Then, in the fall of 2017, the Pentagon released the F-18 gun camera footage of what can only be described as an extraterrestrial vehicle outperforming U.S. Navy fighters off San Diego. For the first time, after decades of denying what its intelligence officers, pilots, base commanders and air traffic control personnel know to be true, the military finally admitted to what Filer describes in this incredible book.

### **The Outsider'S Guide to Ufos**

This is one of the most important books ever written on the clandestine world of the UFO cover-up. Grant Cameron and Scott Crain do more than demonstrate the reality of an extraterrestrial presence on Earth. Through tenacious investigation and impeccable research, they shine a light into the CIA, NSA, Air Force, Navy, and other inside groups that have managed this secret for decades. Their conclusion is inescapable and shocking: this is a secret that the insiders themselves struggle to understand and contain. "Government agencies, at various times, precieve a need to release some UFO information to the public. Some, definitely not all. How do they do it? Always via avenues that leave no one at risk. That means ensuring there is no direct connection between the agency and whomever is doing the actual releasing. It also means the necessity of mixing in some false information. It means, ultimately, to tell the truth, but tell it slant. Until there is a full disclosure of the UFO/ET reality, deniability will remain paramount to those in possession of this great secret." - By the authors, from the book's Introduction.

For as long as people have talked about UFOs, they have wondered about when and how the governments of the world will acknowledge them. Among people following the subject, that's called Disclosure. In this second volume of the Richard Dolan Lecture Series, Historian Richard Dolan tackles an enormous subject. After explaining why UFOs are taken seriously in national security circles around the world, he provides his best analysis to date as to how the secrecy on UFOs has taken form, how it has corroded our society, and how it works internationally. He gives a fresh analysis on the black budget breakaway civilization, on the weaponization of secret technologies, the intelligences behind the UFO phenomenon, and how Russia and China fit into the global UFO cover-up. He drives his analysis home with four distinct disclosure scenarios: Fascist Disclosure, Premature Disclosure, Insider Disclosure, and People-Driven Disclosure. Finally, Dolan offers a unique view on how the UFO cover-up and possible disclosure could transpire during the presidency of Donald Trump. One thing is clear: we live in a world that hangs in the balance.

### **UFO Investigator's Manual**

A guidebook for students who enjoy the exploration of new horizons through practical experimentation, and a rewarding read for any enquiring mind. Eleven easily structured experiments thoroughly test Billy Meier's controversial WCUFO photos finally laying to rest the little model theory. The tests conclusively evince two large craft, one around three and a half meters in diameter and the other around seven meters in diameter. Anyone with an open, skeptical mind who enjoys practical, analytical, and straightforward tests and discovery will gain much from this book. One intention of this book, apart from just coming to grips with these enigmatic photos, is for it to function as a possible guidebook for young scientists and students. This guide can work as a textbook, a supplementary text, extracurricular material, or in any way deemed useful to the reader or student. The eleven practical and scientific experiments it presents could constitute part of a science course for high school or college students. It is also for the curious, and people interested in following a scientific procedure to arrive at certain facts or truths. We suggest students, experimenters, or armchair readers use this book as a scientist conducting any or all of the eleven experiments and analyses in it.

Ideally, to successfully perform these experiments, readers should possess, or have available the core competencies explained in the Introduction; but most importantly, to have curiosity and an open, critical, and skeptical mind ready for experimentation and discovery of the facts and truth concerning the WCUFO. The book is also intended to help those with an interest in the Billy Meier case better understand the nature of these WCUFO photographs, and to shed some much-needed understanding of the truth regarding at least some of these famous - and most controversial - UFO photographs.
